The Executive Director shall determine whether a Proposal is to be disqualified in such instances.

If, at any time during the RFP process, filings, notices or like documents are submitted to any regulatory agency concerning the potential acquisition of Proposer, or the sale of a controlling interest in the Proposer, or any similar transaction, Proposer shall immediately disclose such information to the BMPO. Failure to do so may result in the Proposal being disqualified, at the BMPO’s sole discretion.

1-21 LEGAL REQUIREMENTS

Proposer’s are required to comply with all provisions of federal, state, county and local laws, ordinances, rules and regulations that are applicable to the Services being requested in this RFP. Lack of knowledge of the Proposer shall in no way be a cause for relief from responsibility, or constitute a cognizable defense against the legal effects thereof.

1-22 FAMILIARITY WITH LAWS AND ORDINANCES

The submission of a Proposal on the Services requested herein shall be considered as a representation that the Proposer is familiar with all federal, state and local laws, ordinances, rules and regulations which affect those engaged or employed in the provision of such services, or equipment used in the provision of such Services, or which in any way affects the conduct of the provision of such Services; and no plea of misunderstanding will be considered on account of ignorance thereof. The BMPO reserves the exclusive rights to:

1. Waive any deficiency or irregularity in the selection process;
2. Accept or reject any or all Proposals in part or in whole;
3. Request additional information as appropriate; and,
4. Reject any or all submittals if found by the BMPO Board not to be in the best interest of the BMPO.

By submitting a Proposal for the services, all Proposer’s acknowledge and agree that no enforceable Agreement arises until the BMPO signs the Agreement, that no action shall lie to require the BMPO to sign such Agreement at any time, and that each Proposer waives all claims to damages, lost profits, costs, expenses, reasonable attorney fees, etc., as a result of the BMPO not signing such Agreement.

1-26 AMENDMENTS

The BMPO reserves the right to issue amendments to this RFP. Each Proposer shall acknowledge receipt of such amendments on the form provided in Section 5. In the event any Proposer fails to acknowledge receipt of such amendments, his/her Proposal shall nevertheless be construed as though the amendments had been received and acknowledged and the submission of his/her Proposal shall constitute acknowledgment of receipt of all amendments, whether or not received by him/her. It is the responsibility of each prospective Proposer to verify that he/she has received all amendments issued before depositing the Proposal with the BMPO.
1-27 EQUAL OPPORTUNITY AND DISADVANTAGED BUSINESS ENTERPRISE ("DBE") PROGRAM

By submitting a response to this RFP, Proposer certifies that it does not discriminate on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, as amended 42 USC 2000d to 2000d-4, and Title 49 CFR, Part 21, the Civil Rights Restoration Act of 1987 and the Florida Civil Rights Act of 1992 in the performance of the Services requested herein. Proposer shall carry out the applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts, and certifies that no person shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation for the Services required herein under any BMPO program or activity. Failure of Provider to comply with this provision may result in the immediate termination of the Agreement by the BMPO or such other remedy as the BMPO deems appropriate.

As a recipient of federal funds, the BMPO is required to establish a Disadvantaged Business Enterprise ("DBE") Program and a DBE participation goal when it is anticipated that more than $250,000 of federal funding will be available for 3rd party contracting opportunities within the federal fiscal year. The BMPO developed a Disadvantaged Business Enterprise ("DBE") Program with an overall goal of 8% DBE participation, and submitted the DBE Program to the Federal Transit Administration ("FTA") for approval. When a BMPO project is funded with assistance from the Federal Highway Administration ("FHWA") the overall DBE participation goal is 9.91%. To meet the DBE participation goal, an equivalent percentage of the contracted labor must be performed by DBE’s as prime contractors or through subcontract and/or joint venture projects. For more information on the BMPO DBE Program and how the BMPO calculates its DBE Program goal, please refer to the BMPO Disadvantaged Business Enterprise Program document located on the BMPO web site at: http://www.browardmpo.org.

The BMPO is required to track and report DBE contracting activities and payments to the FTA and FHWA semi-annually (December 1st and June 1st). Successful Proposer(s) shall agree to assist the BMPO in the completion of any documents required to be submitted to the FTA or FHWA for compliance with the DBE program. Proposer’s shall complete and submit the Anticipated DBE Participation Statement and the Bid Opportunity List provided in this RFP.

1-28 FEDERAL DEBARMENT

By submitting a response to this RFP, the Proposer certifies that no principal (which includes officers, directors, or executives) is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation on this transaction by any Federal department or agency.
SECTION 2: SPECIFIC TERMS AND CONDITIONS

2-1. SCOPE OF SERVICES

The BMPO is requesting Proposals from experienced individual(s), group(s), or company(ies), to provide the Services described herein for the BMPO.

2-1.1. BMPO and Project Background.

The Broward Metropolitan Planning Organization is a federally mandated transportation policy-making board located in Fort Lauderdale, Florida. The BMPO Board is made up of elected officials representing Broward County, all 31 Broward municipalities, Broward County Public Schools, Broward County Transit and the South Florida Regional Transportation Authority (SFRTA/Tri-Rail). Its mission is to influence the expenditure of federal and state funds to provide a regional transportation system that ensures the safe and efficient mobility of people and goods, optimizes transit opportunities, and enhances the environmental and economic well-being of Broward County. Since becoming a structurally independent organization in 2010, its annual operating budget has increased from $2.5 million to over $13 million.

The BMPO desires to gain more complete ownership of its core business information systems, as it continues to grow in size, with a suite of integrated systems. The BMPO has been utilizing the system (Tyler Eden) licensed by the SFRTA for its basic accounting functionality since becoming independent from Broward County in 2010. The BMPO itself does not have direct access to the SFRTA’s system, but will send relevant items (AP invoices, new vendor entries, general interest allocations, etc.) via email for SFRTA staff to enter. Several other business processes, such as human resources and employee time and expense entry, are characterized by the processing and retention of paper forms.

The BMPO’s system must improve its service to the community and increase employee productivity. The system must be powerful, reliable, and user-friendly. The BMPO has placed a particular emphasis on ensuring the security of its employees’ personal information, and expects the system provider to conform to the established data security standards of the industry.

This project aims to accomplish two main objectives. The first and most crucial is the migration of the BMPO’s technology operations, core financial processes, and budgeting activities directly under its own control. The second objective is to capitalize on the opportunity presented by increased BMPO ownership of its business processes and technology to leverage the latest in enterprise resource planning software. The BMPO aims to select an integrated and open business suite of applications that will enable appropriate information to be shared across the organization as well as to streamline interfaces to current and future third-party systems used by the BMPO. A modern, integrated enterprise resource planning system will modernize business processes, reduce duplicate and paper entry, ensure data integrity and security, and
facilitate greater efficiency and effectiveness of management decisions. The Broward MPO's financial management system must comply with the requirements set forth in 2 CFR 200.302.

### 2-1.2. Current Application Environment.

### 2-1.3. Current Technical Environment.

The BMPO is transitioning its IT environment to a different architecture, and therefore the proposed ERP solution must support the following future-state environment:

A Microsoft Active Directory-based computing environment comprised of approximately 20 Windows-based computers and 25-30 users. The computers are a mixture of traditional laptops, desktops and some tablet devices using the Microsoft Windows 8 and 10 operating system software and locally installed versions of Microsoft Office 2013.

The email system is a hosted Microsoft Exchange-based environment with user access being provided using the Outlook mail client and mobile devices.
There is a centralized file and print environment comprised of several Microsoft Windows-based virtual servers. The servers are backed up using VM snapshot technologies that allow for the rapid recovery of the entire machine and individual files. There are no database or email integration backup agents used as they are not applicable to the environment.

The BMPO has redundant Internet connections and private (10 Mbps MPLS) WAN connectivity to the server hosting facility.

The telephone system is also a hosted solution and utilizes VoIP technology.

2-1.4. ERP System Solution.

The BMPO is requiring that Proposers propose a complete ERP solution, including software, hardware specifications, project management, and other technology services for the entire scope of the project that may or may not include components owned by the vendor.

An outline of the required software system solution has been provided as follows:

**Software:**
- **Application Software:**
  - Accounts Payable
  - Bank Reconciliation
  - Budgeting
  - Cash Management
  - Contract Management
  - Document Management
  - Fixed Assets
  - General Ledger
  - Human Resources
  - Miscellaneous Billing and AR
  - Payroll
  - Project and Grant Accounting
  - Purchasing
  - Time and Attendance
  - Report Writer
  - Any other necessary software components to support the proposed Application Software solution

**Services:**
- **Required Services**
  - Project Management
  - Hardware design and installation consulting
  - Software Installation
  - Data Conversion
  - Report Development
  - Integration and Interface Development
  - Implementation and Training Services
It is important to note that the BMPO is considering both a BMPO-hosted and a Vendor-hosted solution. It is optional, but not mandatory, for Proposers to provide information on both solutions as part of their Proposal. If a Proposer does propose a Vendor-hosted solution, any differences from a BMPO-hosted solution must be clearly delineated in the appropriate sections of the Proposal.

2-1.5. Functional Requirements

The requirements defined in this section contain the overall general functions of the requested software solution. The primary objective of the BMPO in implementing a new system is to provide a more integrated information system environment that will eliminate the redundant entry of data, provide improved system capabilities, provide improved access to data, and streamline overall operations.

Identified in the attached Excel spreadsheet (version 2010) are a number of requirements that must be addressed in the Proposal.

These requirements are considered mandatory in implementing the complete solution. Together they define a system that will operate efficiently in the proposed computer environment while providing a high level of flexibility in meeting the BMPO’s current and future data needs. Proposers must replace cells A1:G1 in the first module (General and Technical Requirements) with the Proposer’s Company Name which will be repeated and printed for each subsequent module.

The Priority column includes one of the following entries to indicate the importance of the specification/report to the BMPO:

| “H” – High: | This would be a feature that the BMPO already has and uses in its current software or, alternatively, is available and/or tracked in a shadow system (i.e., spreadsheet, document, external database, etc.). |
| “M” – Medium: | This is a feature that the BMPO would like in the new system that is not currently being tracked or is not existing functionality. |
| “L” – Low: | This would be a feature that, while of interest, is not applicable at this time or something that could be a future deployment. |

Each Proposer should review the specifications and reports listed in each subsection and respond as to their availability within the vendor’s software system. The responses should be entered under the “Availability” column of each form as follows:
<table>
<thead>
<tr>
<th></th>
<th>Functionality is provided out of the box through the completion of a task associated with a routine configurable area that includes, but is not limited to, user-defined fields, delivered or configurable workflows, alerts or notifications, standard import/export, table driven setups and standard reports with no changes. These configuration areas will not be affected by a future upgrade. The proposed services include implementation and training on this functionality, unless specifically excluded in the Statement of Work, as part of the deployment of the solution.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Y</td>
<td>Functionality is provided through reports generated using proposed Reporting Tools.</td>
</tr>
<tr>
<td>R</td>
<td>Functionality is provided by proposed third party functionality (i.e., third party is defined as a separate software Vendor from the primary software Vendor). The pricing of all third party products that provide this functionality MUST be included in the cost proposal.</td>
</tr>
<tr>
<td>T</td>
<td>Functionality is provided through customization to the application, including creation of a new workflow or development of a custom interface, which may have an impact on future upgradability.</td>
</tr>
<tr>
<td>M</td>
<td>Functionality is provided through a future general availability (GA) release that is scheduled to occur within 1 year of the proposal response.</td>
</tr>
<tr>
<td>F</td>
<td>Functionality is not provided</td>
</tr>
</tbody>
</table>

Use the **Cost** column for “M” or “F” responses to estimate the cost to be incurred by the BMPO to secure the specification/report. Use the **Comment** column to provide additional comments pertaining to your response for that item.

The **Required Product(s)** column is to be used to specify what product (e.g. product name / software module) is proposed. The cells D10:G10 in the form which currently read “*Replace this text with the primary product name(s) which satisfy requirements*” must be updated. This name will be automatically populated in the **Required Product(s)** column for each specification in the module. The automated values in this column must be updated for any exceptions where a different or additional product is required to satisfy the requirement.

Vendors proposing a multi-product solution should complete a General and Technical module specification response for each product.

Additional details and descriptions related to the specifications of the requested ERP System and Services may be found in Section 2-6 of this RFP.
2-1.6. Summary of Key Transaction Volumes

iv) Technical Proposal

Proposer’s shall provide the technical information and project approach details in the following order (Proposers shall provide in their Proposal the question or request for information referenced below with Proposer’s response referencing the section headings and numbering provided below):
A. Application Software
As the BMPO is contemplating a BMPO-hosted versus Vendor-hosted solution, aspects of the proposed solution to be provided should be clearly delineated where they vary between these two approaches in the sections below.

The Proposer shall provide a general description of the application program product and how it will meet requirements of this RFP. This section must address, at a minimum, the following items:
1. Describe your overall proposed technology solution.
2. Describe the product direction for the company, including time frames.
3. Describe unique aspects of the Proposer's solution in the marketplace.
4. Describe components of the solution that are industry standards versus being proprietary to the Proposer.
5. For third party products proposed that are integrated with the Proposer's solution provide the following for each product:
   a. Reason that this product is a third-party product versus being part of the software Vendor’s solution,
   b. Extent to which this third-party product is integrated with the Vendor's solution.

B. Technical Infrastructure
Vendors should identify where conflicts may exist between their solution and current technologies being used in the BMPO as described in Section 2 of the RFP.

As the BMPO is contemplating a BMPO-hosted versus Vendor-hosted solution, aspects of the proposed solution to be provided should be clearly delineated where they vary between these two approaches in the sections below.

1. Hardware and Storage Environment
   a. Describe the proposed computer hardware and storage environment to support the system. In the event that there are multiple computer systems available, list all options. Indicate which is the preferred hardware platform and why. List the conditions in which the preferred hardware platform would change. A hardware configuration, which takes into account the size of the organization, application modules, database size, and anticipated growth, must be provided.
   b. What system architecture do you propose? Describe the number and type of: application servers, database server(s), and development and test environments. Describe your proposal’s technical architecture (preferably using a PowerPoint or Visio diagram). This should show components such as the database server, applications server, reporting server, test/training server, firewall(s), web server(s), web browser, minimum workstation requirements, remote access, wireless connectivity, network connectivity to LANs and WAN, etc. Describe any potential use of virtual server technologies (e.g. Microsoft Virtual Server, VMware) and application
accelerators and note what Vendors you partner with or recommend and/or support.

c. Describe your proposed information architecture/model (preferably using a PowerPoint or Visio diagram). This should depict data models, taxonomy, data elements, coding structures, a process for standardizing on a particular coding structure, data definitions (employees, Vendors, invoices, etc.)

2. System Performance
   a. System response time must not impede the ability for staff to perform their required job functions using the system. Will your system be available 99.5% of the time, except for planned downtime?
   b. Can you guarantee a 3-second maximum response time?
   c. What are your guarantees on system performance?

3. Security:
   a. Describe the identification and authorization capabilities of your proposed solution for users.
   b. Describe how your system interoperates with Active Directory.
   c. Describe the security audit capabilities of your proposed solution.
   d. What functions does your proposed system have to protect the privacy of information designated “private” (e.g. personally identifiable, SSN, credit card, ACH, HIPAA, etc.) that it processes or stores?
   e. What will you do to address vulnerabilities in your product discovered subsequent to us deploying your code? In what time interval will they be fixed (Critical and non-critical)? At what cost to the BMPO?
   f. What is your process for notifying the customer and fixing bugs once they have been identified?

C. Vendor Hosted Option

Note: response to this section is optional. Proposers will not be penalized for lack of response to this section.

1. Please describe your vendor hosted model, including: hosting, integration, help desk, provisioning and desktop management capabilities, deployment model (dedicated servers, shared environment, etc.), impact to the BMPO’s network and bandwidth, and any partners that may be involved in service delivery.

2. Please describe your proposed service level agreement, including any tiered levels of service, response times, and standard metrics.

3. Please describe your support model, including: cost structure for support calls.

4. Please describe your data center and storage facilities, including: locations, staffing, physical security, environmental controls (including redundant power), redundancy/load balancing capabilities, data backups and disaster recovery capabilities.

5. Please describe your logical security, including: firewall security, authentication controls, and data encryption capabilities.

9. Please provide a copy of your most recent SSAE 16 Type II audit.

D. Implementation Plan
Provide an implementation plan in narrative format supported by an activity-level project plan using Microsoft Project 2007 that details how the proposed solution is to be implemented. This implementation plan should include the following elements as further described below:

1. General Implementation Approach
2. Hardware, Software & Storage Design and Installation Consulting
3. Data Conversion Plan
4. Report Development
5. Integrations and Interfaces
6. Training
7. Change Management Approach
8. Testing
9. Operational Redesign Approach
10. System Documentation and Manuals
11. Disaster Recovery Plan
12. Knowledge Transfer

The Vendor should not be constrained to only include the above items in the Vendor’s proposal response if the Vendor feels that additional elements may add value to the overall implementation. The BMPO requests that the Vendor provide their work plan in a Microsoft Project format as part of the proposal response.

It is expected that the Vendor will lead the efforts in each of the implementation areas described below unless stated otherwise. Further details on what is to be provided as part of the Vendors proposed implementation plan are included in the following subsections.

As the BMPO is contemplating a BMPO-hosted versus Vendor-hosted solution, aspects of the services to be provided should be clearly delineated where they vary between these two approaches.

D-1 General Implementation Approach
Provide a general overview of the implementation approach you plan to use for the BMPO that includes addressing the following items:

1. Describe how you transition from the sales cycle to the implementation phase of the project.
2. Describe key differentiators of the approach as it relates to implementing a solution on time, within budget and with the ability to meet the needs of a diverse client like the BMPO.
3. Describe how you conclude on a preferred implementation phasing of software modules. What is your recommended approach for this implementation?
4. Describe your approach towards running parallel systems for a period of time.

Any unique tools, techniques or methods that you use should be described in this section.

**D-2 Project Management Approach**

The BMPO expects the Vendor to provide project management resources leading to the successful deployment of the system. This project manager will work as a team member with the BMPO’s project management office (“PMO”). It is expected that this project manager will be “on the ground” as appropriate to team with the BMPO PMO. This project manager can be an employee of the Vendor or a partner of the Vendor. In either case, the costs for the project manager should be clearly denoted in the pricing section of this RFP.

As part of any significant engagement, the BMPO employs a project management approach that is based on the Project Management Institute’s project management body of knowledge (PMBOK). The BMPO would expect responding Vendors to adhere to such standards as part of the project.

Provide an overall description of the Vendor project management approach towards this type of engagement and projected timing for major phases.

Provide a high-level work plan for achieving the successful deployment of your proposed system.

**D-3 Data Conversion Plan**

It is anticipated that data conversion will occur when migrating to the new application. The Vendor is expected to assist the BMPO in the conversion of both electronic and manual data to the new system. It is expected that the BMPO will be responsible for data extraction from current systems and data scrubbing and data pre-processing and that the Vendor will be responsible for overall data conversion coordination, definition of file layouts, and data import and validation into the new ERP. Please provide pricing for data conversions in the associated Microsoft Excel pricing spreadsheet.

1. Describe your general approach towards data conversion and how you would work with the BMPO to conclude on what should be converted. Please describe your BMPO’s recommended approach toward retention of legacy data.
2. Describe your history with converting data from the BMPO’s current system (Tyler Eden) to the proposed system.
D-4 Report Development
For specific reporting requirements, it is anticipated that the Vendor will take the lead on developing any reports required as part of the initial deployment of the system. The Vendor is expected to provide specialized knowledge and information to the BMPO staff during the development of needed reports, via technical training on the tools used for report development, database schema and architecture, etc.

Provide information on your reporting approach including:
1. Description of various methods of reporting including Business Intelligence,
2. Methods for the BMPO to identify, specify, and develop required custom BMPO reports during the implementation.
3. A listing of standard reports available in the system out of the box.

D-5 Integrations and Interfaces
It is expected that information generally would need to be entered only once into the system. Modules within the system should be integrated in real-time with each other such that batch processes are not required to transfer information from one area of the system to another unless that is the preference of the BMPO. Existing BMPO interfaces between core modules that may currently exist (e.g., AP posting to GL) or shadow systems that will likely be replaced are not included as they are assumed to be included in an integrated ERP System.

The Microsoft Excel pricing sheet contains a listing of current and/or desired application interfaces. Please provide pricing for interface development in the associated Microsoft Excel pricing spreadsheet.

In addition:
1. Describe the extent to which the various modules are integrated together versus being purchased separately and interfaced
2. Describe your approach towards interfacing and integration with other solutions including use of specific tools, methods and standards.
3. Describe data exchange standards (e.g. XML, Web Services, or EDI) supported or provided by your product.
4. As it pertains to the BMPO’s current technical environment described previously, identify potential issues for integrating with specific technologies that are used within the BMPO.
5. If local customizations are made, do you provide any tools or assistance to easily incorporate customizations into new version/releases of your software?
D-6 Training
Given the size of the BMPO, it is intended for the Vendor to provide all end user and technical training on-site through implementation, including:

a. End user implementation training will be provided by the Vendor and include joint participation by the relevant BMPO process owner team lead supporting the process area in the new software system.
b. Technical Implementation training will include training for BMPO IT staff on the technologies required to support the new ERP system.

The Vendor should provide an overall description of its training approach, including the following:
- General timeframe in which training will be conducted
- The Vendor must list the nature, level, and amount of training to be provided in each of the following areas:
  - Technical training (e.g., programming, operations, etc.)
  - User training
  - Other staff (e.g., executive level administrative staff)

D-7 Change Management Approach
The BMPO recognizes that a movement from the current environment to a new solution will present change management challenges. The Vendor should clearly identify their approach towards Change Management including any unique approaches or tools that will be used.

D-8 Testing

G. Functional System Requirements
Responses to the requirements referenced in section 2-1.5 of this RFP must be provided in this section of the Vendor’s response. Use the Microsoft Excel specification spreadsheet provided and attach added explanation pages as necessary. Please note: The response to these requirements should be provided in the exact format as provided (e.g. no additional macros, formulas, additional columns, modifications, passwords, etc.). Failure to do so can result in disqualification of the entire proposal.

v) Price Proposal
Complete the pricing forms that have been provided in the associated Microsoft Excel pricing spreadsheet. It is the responsibility of the Vendor to ensure the accuracy of the pricing provided as part of your Proposal. Any errors in providing an accurate price response due to inaccuracies in the provided templates are the sole responsibility of the responding Vendor. If there is not enough space to describe the pricing on these forms, please attach a separate pricing page and provide the pricing information in the same type of format so that it is easy to understand. The BMPO requests a firm, fixed price for each of the components described below that are included on the attached Microsoft Excel pricing spreadsheet as separate tabs:

- Vendor Checklist (including Hosting/Licensing Model, Travel & Lodging Costs, and Discount)
- Proposal Summary (no direct input required)
- Module Summary (no direct input required)
- Application Software
- Other Software
- Hardware
- Implementation Services
- Train-the-Trainer Training
- Optional End-User Training
- Interfaces
- Modifications
- Other Implementation Services
Pricing forms shall remain in the original Excel format. Pricing should include the complete costs for the solution including all travel and operating costs. The Vendor shall be responsible for all design, information gathering, and required programming to achieve a successful implementation. All prices quoted must include all hardware equipment software and services necessary to make the system specified fully operational for the intent, function, and purposes stated herein. These costs must be included in the base proposal.

The BMPO will not consider time and materials pricing. Vendors shall provide firm and fixed pricing based on the functionality described. For each item, indicate if the cost is one-time, annual, or other.

- The Vendor shall provide price information for each separate component of the proposed solution, as well as the costs of any modifications necessary to fully comply with the RFP specifications.
  - If any lump sum amounts are provided, Vendors should indicate in the comments sections what the lump sum consists of.
- In the event the product or service is provided at no additional cost, the item should be noted as "no charge" or words to that effect.
- In the event the product or service is not being included in the Vendor proposal, the item should be noted as "No Bid".

Vendors shall provide all pricing alternatives in these cost sheets.

- Vendor shall provide prices in U.S. dollars.
- Vendor shall make clear the rationale and basis of calculation for all fees.
- Vendors shall show separate subtotals for the required elements of the proposed solution, and for any layers of optional elements.

**Please note:** Pricing workbook should be provided in the exact format as provided (e.g. no additional macros, formulas, additional columns, modifications, passwords, etc.). Failure to do so can result in disqualification of the entire proposal.

In presenting software license fees, the Vendor shall:

- Explain all factors that could affect licensing fees;
- Make clear what type of license is offered for each price (named user, concurrent user, installed copies, processor-based, etc.);
- Indicate which product versions, operating platform(s), and machine classes are included for each price;
- Indicate whether a product is for “server” or “client,” as applicable; and,
- Make clear the extent of any implementation services that are included in the license fees (installation, configuration, training, etc.)

To the extent possible, Vendors shall show any applicable discounts separately from the prices for products and services.
The BMPO, during the course of the selection process may decide to purchase a subset of the Vendor's proposal components with the initial contract. The BMPO requires that Vendors agree for a period of three (3) years from the date of the Vendor's proposal to honor software and services pricing established within the Vendor's proposal response for Vendor proposed components which are not included in the BMPO's initial purchase. The price of the proposed components can only be increased by the Vendor during such time period by an amount equal to the annual CPI-U adjustment for the South region or 3%, whichever is less. The BMPO reserves the right to purchase hardware separately.

The BMPO prefers that Vendors provide separate prices for each item in the proposed solution. However, the Vendor is also encouraged to present alternatives to itemized costs and discounts, such as bundled pricing, if such pricing would be advantageous to the BMPO.

The BMPO reserves the right to pursue direct purchase of all items and services proposed, as well as to obtain independent financing.

The BMPO is considering both a vendor-hosted solution through an ASP or SaaS licensing model and a traditional on premise solution. As such, the BMPO is requesting proposals to include detailed information regarding the Vendors hosting and licensing options. If multiple solutions are proposed, please include a separate pricing form for each hosting/licensing model.

SECTION 1. SCOPE OF SERVICES

1.1 The CONTRACTOR must meet the requirements and perform the services identified in the Request for Proposals for ERP System and Implementation Services, RFP No. 16-01, dated January 15, 2016, ("RFP"), referenced hereto and made a part hereof, as Exhibit “A”, and the CONTRACTOR’S Proposal, attached hereto and made a part hereof, as Exhibit “B”; and

1.2 The Federal Transit Administration ("FTA") Required Contractual Provisions (attached hereto as Exhibit “C-1”), and the Federal Highway Administration ("FHWA") Required Contractual Provisions (attached hereto as Exhibit “C-1"), collectively hereafter referred to as the “Federal Contractual Provisions” are attached hereto and made a part hereof, collectively as Exhibit “C”. Prior to beginning the performance of any services under this Agreement, the CONTRACTOR will be provided with a Notice to Proceed from the BMPO. This Notice to Proceed will specify the applicable Federal Contractual Provisions which will apply to this Agreement and the services to be provided accordingly.

1.3 The parties agree that the Services and the Federal Contractual Provisions, as specified in Exhibits “A”, “B" and “C", (hereinafter collectively referred to as the “Scope of Services” or “Services”) contain the description of Contractor’s obligations and responsibilities and are deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment and tasks which are such an inseparable part of the work described that exclusion would render performance by Contractor impractical, illogical, or unconscionable.

1.4 CONTRACTOR agrees and acknowledges that CONTRACTOR is prohibited from exempting provisions of the Scope of Services and this Agreement in any of CONTRACTOR’s Services pursuant to this Agreement.
SECTION 2. TERM

2.1 The term of this Agreement will be for a period of _______ Years (the “Term”) which shall begin on the date it is fully executed by both parties and shall remain in effect until such a time as the Services acquired in conjunction with this RFP have been completed and accepted by the BMPO in accordance with this Agreement and the terms of the Request for Proposals.

2.2 Prior to beginning the performance of any services under this Agreement, the CONTRACTOR must receive a Notice to Proceed. CONTRACTOR shall perform the services describe in the Scope of Services within the time periods specified therein, said time periods shall commence from the date of the Notice to Proceed for such Services; however this Agreement shall terminate no later than __________________, unless terminated earlier pursuant to Section 4 of this Agreement.

2.3 The parties hereto may further extend this Agreement by mutual consent, in writing, prior to the expiration of the then current term. This provision in no way limits either party’s right to terminate this Agreement at any time during the initial term or any extension thereof, pursuant to Section 4 of the Agreement.

SECTION 3. COMPENSATION

3.1 In consideration for the Scope of Services to be performed by CONTRACTOR pursuant this Agreement, the BMPO agrees to pay CONTRACTOR, in the manner specified in the Scope of Services, the total amount not to exceed ___________________________ AND NO/100 Dollars ($___________.00). The amount of compensation payable by the BMPO to CONTRACTOR shall be based upon the amounts negotiated between the parties as indicated on attached Exhibit "B", which amount shall be accepted by CONTRACTOR as full compensation for all such work performed under this Agreement. It is acknowledged and agreed by CONTRACTOR that these amounts are the maximum payable and constitute a limitation upon BMPO’S obligation to compensate CONTRACTOR for its Services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort, upon CONTRACTOR’s obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.

3.2 CONTRACTOR may submit an invoice for compensation, developed and agreed upon by the BMPO Executive Director and CONTRACTOR, no more often than on a monthly basis, but only after the services for which the invoices are submitted have been completed. Invoices shall designate the
nature of the services performed and shall also show a summary of fees with accrual of the total and credits for portions paid previously.

3.3 BMPO shall pay CONTRACTOR in accordance with the Florida Prompt Payment Act. Additionally, payment may be withheld by the BMPO Executive Director for failure of CONTRACTOR to comply with a term, condition or requirement of this Agreement.

3.4 Notwithstanding any provision of this Agreement to the contrary, the BMPO Executive Director may withhold, in whole or in part, payment to the extent necessary to protect BMPO from loss on account of inadequate or defective work which has not been remedied or resolved in a manner satisfactory to the Executive Director. The amount withheld shall not be subject to payment of interest by BMPO.

3.5 Payment shall be made to CONTRACTOR at:

Such books and records shall be available at all reasonable times for examination and audit by BMPO.

3.7 If it should become necessary for BMPO to request CONTRACTOR to render any additional services to either supplement the services described in the RFP or to perform additional work, such additional work shall be performed only if set forth in an addendum to this Agreement. Any such additional work agreed to by both parties shall be performed at the same rate in the schedule of fees included in Exhibit “B”.

4.2 This Agreement may be terminated for cause by the CONTRACTOR if the BMPO is in breach and has not corrected the breach within sixty (60) days after written notice from the CONTRACTOR identifying the breach.

4.3 Termination of this Agreement by the BMPO for cause shall include but not be limited to, failure to suitably perform the services, failure to continuously perform the services in a manner calculated to meet or accomplish the objectives of BMPO as set forth in this Agreement or multiple breaches of the provisions of this Agreement notwithstanding whether any such breach was previously waived or cured.

4.4 Notice of termination shall be provided in accordance with the “NOTICES” section of this Agreement.

4.5 In the event this Agreement is terminated for convenience, CONTRACTOR shall be paid for any services performed to the date the Agreement is terminated; however, upon being notified of BMPO’s election to terminate, CONTRACTOR shall refrain from performing further services or incurring additional expenses under the terms of this Agreement. CONTRACTOR acknowledges and agrees that Ten Dollars ($10.00) of the compensation to be paid by BMPO, the adequacy of which is hereby acknowledged by CONTRACTOR, is given as specific consideration to CONTRACTOR for BMPO’s right to terminate this Agreement for convenience.

4.6 In the event this Agreement is terminated, any compensation payable by BMPO shall be withheld until all documents are provided to BMPO pursuant to Section 7.2 of this Agreement. In no event shall the BMPO be liable to CONTRACTOR for any additional compensation, other than that provided herein, or for any consequential or incidental damages.
SECTION 5. INDEMNIFICATION

To the fullest extent permitted by law, the CONTRACTOR hereby agrees to indemnify and hold harmless the BMPO, and its officials, employees and agents, from liabilities, damages, losses and costs including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR and other persons employed or utilized by the CONTRACTOR in the performance of this Agreement. The provisions of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the BMPO Executive Director and the BMPO Attorney, any sums due CONTRACTOR under this Agreement may be retained by BMPO until all of BMPO’S claims for indemnification pursuant to this Agreement have been settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by BMPO.

SECTION 6. INSURANCE

6.1 In order to insure the indemnification obligation contained above, CONTRACTOR shall, at a minimum, provide, pay for, and maintain in force at all times during the term of this Agreement, the insurance coverages as set forth in the RFP (Exhibit “A”). This Agreement shall not be deemed approved until the CONTRACTOR has obtained all required insurance coverages and has supplied the BMPO with evidence of such coverage in the form of a Certificate of Insurance and endorsement. The BMPO shall approve such certificates prior to the performance of any services pursuant to this Agreement.

6.2 CONTRACTOR shall make this same requirement binding on any of its subcontractors. CONTRACTOR shall indemnify and save the BMPO harmless from any damage resulting to them for failure of any subcontractor to take out or maintain such insurance.

SECTION 7. MISCELLANEOUS

The Contract Administrator is responsible to coordinate and communicate with CONTRACTOR and to manage and supervise the execution and completion of the Services and the terms and conditions of this Agreement as set forth herein. For purposes of the Agreement, ____________________, Project Manager for the BMPO is designated as the Contract Administrator.
7.2 **Ownership of Documents.** Unless otherwise provided by law, any and all reports, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of BMPO. In the event of termination of this Agreement, any reports, photographs, surveys and other data and documents prepared by CONTRACTOR, whether finished or unfinished, shall become the property of BMPO and shall be delivered by CONTRACTOR to the BMPO Executive Director within seven (7) days of termination of this Agreement by either party. Any compensation due to CONTRACTOR shall be withheld until all documents are received as provided herein.

7.3 **Audit and Inspection Rights and Retention of Records.** BMPO shall have the right to audit the books, records and accounts of CONTRACTOR that are related to this Agreement. Such retention of such records and documents shall be at CONTRACTOR’S expense. If any audit has been initiated and audit findings have not been resolved at the end of the retention period or three (3) years, whichever is longer, the books, records, and accounts shall be retained until resolution of the audit findings. If the Florida Public Records Act is determined by BMPO to be applicable to CONTRACTOR’S records, CONTRACTOR shall comply with all requirements thereof; however, no confidentiality or non-disclosure requirement of either federal or state law shall be violated by CONTRACTOR. Any incomplete or incorrect entry in such books, records, and accounts shall be a basis for BMPO’s disallowance and recovery of any payment upon such entry.

In addition, CONTRACTOR shall respond to the reasonable inquiries of successor Contractors and allow successor Contractors to receive working papers relating to matters of continuing significance.

Further, CONTRACTOR shall provide a complete copy of all working papers to the BMPO, prior to final payment by the BMPO.

CONTRACTOR agrees to comply with the provisions set forth in attached Appendix “A”, including Contractor’s responsibility to incorporate the provisions in subcontracts, throughout the term of this Agreement.

7.5 Public Entity Crime Act. CONTRACTOR represents that the execution of this Agreement will not violate the Public Entity Crime Act (Section 287.133, Florida Statutes), which essentially provides that a person or affiliate who is a contractor, consultant or other provider and who has been placed on the convicted CONTRACTOR list following a conviction for a Public Entity Crime may not submit a bid on a contract to provide any goods or services to BMPO, may not submit a bid on a contract with BMPO for the construction or repair of a public building or public work, may not submit bids on leases of real property to BMPO, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with BMPO, and may not transact any business with BMPO in excess of the threshold amount provided in Section 287.017, Florida Statutes, for category two purchases for a period of thirty six (36) months from the date of being placed on the convicted CONTRACTOR list. Violation of this section shall result in termination of this Agreement and recovery of all monies paid hereto, and may result in debarment from BMPO’S competitive procurement activities. In addition to the foregoing, CONTRACTOR further represents that there has been no determination, based on an audit, that it committed an act defined by Section 287.133, Florida Statutes, as a “public entity crime” and that it has not been formally charged with committing an act defined as a “public entity crime” regardless of the amount of money involved or whether CONTRACTOR has been placed on the convicted CONTRACTOR list.

In providing such services, neither CONTRACTOR nor its agents shall act as officers, employees or agents of the BMPO. For a breach or violation of this provision, BMPO shall have the right to terminate this Agreement without liability and, at its discretion, to deduct from the Agreement price or otherwise recover the full amount of such fee, commission, percentage, gift or consideration.

7.14 **Materiality and Waiver of Breach.** BMPO and CONTRACTOR agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and, therefore, is a material term hereof. BMPO’s failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. 9.4 Standard Forms and Contracts. Any forms and contracts the CONTRACTOR(s) proposes to include as part of any agreement resulting from the RFP must have been submitted as part of CONTRACTOR’s proposal. Any forms and contracts not submitted as part of the proposal and subsequently presented for inclusion may be rejected. Software sold hereunder free and clear from all liens, encumbrances, and claims of infringement of patent, copyright, trade secret or other proprietary rights of third parties. CONTRACTOR further represents and warrants that neither the Software in the form delivered by CONTRACTOR to BMPO, nor any modifications, enhancements, updates or upgrades thereto, nor the normal use thereof by BMPO, will infringe any patent, copyright, trademark, trade secret or other proprietary right of any third party.

B. In the event that any third party makes a claim or files a lawsuit challenging BMPO’s right to use the Software, CONTRACTOR shall defend and indemnify BMPO and hold it harmless for any and all losses, liabilities, judgments, damages, awards and costs (including legal fees and expenses) arising out of said claim or lawsuit, and for any monies paid in settlement thereof. Provided, however, that CONTRACTOR shall have the sole and exclusive right to select and retain counsel for BMPO in connection with the defense thereof, and shall make all decisions relating to the conduct of the BMPO’s defense and any settlement made on behalf of BMPO. In resolving any such infringement claim, CONTRACTOR shall, in its reasonable discretion, either procure a license to enable BMPO to continue to use the Software or develop or obtain a non-infringing substitute acceptable to BMPO at CONTRACTOR’s cost.

C. CONTRACTOR represents and warrants that the Software and related products as described with this Agreement will perform in accordance with all Documentation, Contract Documents, CONTRACTOR marketing literature, and any other communications attached to or referenced in this Agreement.

D. CONTRACTOR represents and warrants that the Software and related products, including all modifications contracted under the terms of this Agreement, will meet the requirements of BMPO as set forth in the Contract Documents.

E. BMPO has: (i) presented detailed technical specifications of the particular purpose for which the Software is intended, (ii) provided detailed descriptions and criteria of how the Software can be defined to accomplish particular purpose, and (iii) defined the exact procedures and techniques to be employed in testing whether the Software has achieved the defined performance of this particular purpose. Given this advanced preparation concerning, and documentation about, BMPO’s particular purpose, CONTRACTOR, at the time this Agreement is in force, has (#) reason and opportunity to know the particular purpose for which the Software is required, (#) that BMPO is relying on CONTRACTOR’s experience and
knowledge of the Software to identify those components which are most suitable and appropriate, and (#) that BMPO is relying on CONTRACTOR's experience and knowledge to identify the appropriate Services that will assist in making the Software operational. Therefore, CONTRACTOR warrants that the Software including all products included in this Agreement are fit for the purposes for which they are intended as described in the Contract Documents.

9.10 Continuity of Warranty. BMPO may continue the Warranty protection described above by purchasing and paying for on-going Maintenance and Support Services described below. By doing so, all Warranty, and Resolution and Response Time Warranty conditions included herein shall remain in effect, in perpetuity, as long as payments for Annual Maintenance and Support Fees are kept current.

9.11 Disclaimers and Limitations of Remedies.
Except as specifically stated in the Warranty section of this Agreement, the Software is Licensed "as is" without warranty of any kind, other than expressed or implied herein. In no event shall CONTRACTOR be liable for any indirect, special or consequential damages unless as otherwise stated herein, including, but not limited to, loss of anticipated profits, revenue or savings, arising from the use of or inability to use the Software or breach of any expressed or implied warranty, even if CONTRACTOR or its agent has been advised of the possibility of such damages.

CONTRACTOR or the BMPO’s use of any equipment, technology, documentation, and/or data developed in connection with the Services and Software (together the Solution) described in this Agreement. The BMPO will provide the CONTRACTOR with a written notice of any such claim or suit. The BMPO will also assist the CONTRACTOR, in all reasonable ways, in the preparation of information helpful to the CONTRACTOR in defending the BMPO against this suit.

In the event that the BMPO is required to pay monies in defending such claims, resulting from the CONTRACTOR being uncooperative or unsuccessful in representing the BMPO's interest, or in the event that the BMPO is ordered to pay damages as a result of a judgment arising out of an infringement of patents and/or copyrights, CONTRACTOR agrees to fully reimburse the BMPO for all monies expended in connection with these matters. The BMPO retains the right to offset against any amounts owed CONTRACTOR any such monies expended by the BMPO in defending itself against such claims.

Should a court order be issued against the BMPO restricting the BMPO's use of any portion of the Software related to the claim and should the CONTRACTOR determine not to further appeal the claim issue, at the BMPO's sole option the CONTRACTOR shall provide, at the CONTRACTOR's sole expense, the following:

A. Purchase for the BMPO the rights to continue using the contested Software product(s) or portions thereof which may include purchase of a third party software product, or

C. Refund all monies paid to the CONTRACTOR for the Solution subject to the court action. The CONTRACTOR shall also pay to the BMPO all reasonable losses related to the Solution and for all reasonable expenses related to the installation, implementation and conversion to the new Solution.

9.15 Insurance.

Evidence of insurance coverage, required herein, is to be provided to us in ACORD Certificate Form 25 or 25-S or an equivalent form.

General Liability limits may be attained by individual policies or by a combination of underlying policies with umbrella and/or excess liability policies.
Notify Your Insurance Agent

CONTRACTOR may prevent unnecessary follow up resulting from incomplete insurance certificates, by sending or faxing a copy of these insurance requirements to CONTRACTOR's agent when requesting an insurance certificate.

9.16 Unlimited Liability for Software CONTRACTOR Infringement.
The CONTRACTOR will reimburse BMPO for all costs related to infringement (not “finally awarded”). There shall be no limit of liability on behalf of the CONTRACTOR if the software is determined to be infringing.

9.17 Confidentiality
Both parties recognize that their respective employees and agents, in the course of performance of this Agreement, may be exposed to confidential information and that disclosure of such information could violate rights to private individuals and entities. Except as otherwise required by law, each party agrees that it will not disclose any confidential information of the other party and further agrees to take appropriate action to prevent such disclosure by its employees or agents. The confidentiality covenants contained herein shall survive the termination or cancellation of this Agreement. This obligation of confidentiality shall not apply to (a) information that at the time of the disclosure is in the public domain; (b) information that, after disclosure, becomes part of the public domain by publication or otherwise, except by breach of this Agreement by a party; (c) information that a party can establish by reasonable proof was in that party's possession at the time of disclosure; (d) information that a party receives from a third party who has a right to disclose it to that party; or (e) information that is subject to FOIA or Florida's public records law.

9.18 Title and Confidentiality
Title and full rights to the Software licensed under this agreement, including, without limitation, all intellectual property rights therein and thereto, and any copies BMPO make, remain with CONTRACTOR. It is agreed the Software is the proprietary, confidential, trade secret property of CONTRACTOR, whether or not any portions thereof are or may be copyrighted, and BMPO shall take all reasonable steps necessary to protect the confidential nature of the Software, as BMPO would take to protect its own confidential information. BMPO further agrees that BMPO shall not make any disclosure of any or all such Software (including methods or concepts utilized therein) to anyone, except to employees, agents, or subcontractors working for BMPO to whom such disclosure is necessary to the use for
which rights are granted hereunder. BMPO shall appropriately notify all employees, agents, and subcontractors to whom any such disclosure is made that such disclosure is made in confidence and shall be kept in confidence by them. The obligations imposed by this section upon BMPO, its employees, agents, and subcontractors, shall survive and continue after any termination of rights under this Agreement. It shall not be a breach of this agreement if BMPO is required to disclose or make the Software available to a third party or to a court if the Software is required to be disclosed pursuant to Florida "open records" law, or is subpoenaed or otherwise ordered by an administrative agency or court of competent jurisdiction to be produced.

9.19 Identification of Parties to the Agreement Clause
Both the CONTRACTOR and BMPO shall be clearly identified by name. Neither of the identified parties to the Agreement shall assign or encumber any of its rights, or delegate or subcontract any of its duties defined in the Agreement, in whole or in part, to other third parties unless the other party to the Agreement gives prior written consent. Subject to the foregoing covenant against assignment and delegation, the rights created by the Agreement shall pass to the benefit of the identified party and the duties and obligations resulting from the Agreement shall bind the identified party and their respective successors and assignees.

9.20 Risk During Software Installation
Delivery of the Software shall be made in accordance with the Project Schedule referenced as part of this Agreement. Minor variances from this Project Schedule may be permitted subject to a mutual agreement by both parties and confirmed by prior written notice. The Software shall be installed and placed into good working order by representatives of the CONTRACTOR. During the time period where the Software is in transit and until the Software is fully installed in good working order, the CONTRACTOR and its insurer shall be responsible for the Software and relieve the BMPO of responsibility for all risk or loss or damage to the Software. In addition, CONTRACTOR shall hold the BMPO and its officers, employees and agents harmless from any risk of loss or damage arising out of occurrences during the installation of the Software.

9.21 Subcontractors
CONTRACTORs may use subcontractors in connection with the work performed under this Agreement. When using subcontractors, however, the CONTRACTOR must obtain written prior approval from the BMPO for activities or duties to take place at the BMPO site. In using subcontractors, the CONTRACTOR agrees to be responsible for all of their acts and omissions to the same extent as if the subcontractors were employees of the CONTRACTOR.
9.22 Control of Sub-Contractor, Project Team and Project Manager Designation

The CONTRACTOR understands that the successful installation, testing, and operation of the Software that is the subject of this Agreement shall be accomplished by a cooperative effort. To most effectively manage this process, the CONTRACTOR shall designate a single representative to act as an ex-officio member of the BMPO’s project management team (“Project Manager”) and who shall have the authority to act on behalf of the CONTRACTOR on all matters pertaining to this Agreement.

BMPO shall have the right to approve all subcontractors, Project Manager, and staff assigned to BMPO by CONTRACTOR (“Designated Staff”). In the event that a Designated Staff of the CONTRACTOR is, in the opinion of the BMPO, uncooperative, inept, incompetent, or otherwise unacceptable, the CONTRACTOR agrees to remove such person from the project. In the event of such a removal, the CONTRACTOR shall, within xxxxx (##) days, fill this representative vacancy as described above. Regardless of whom the CONTRACTOR has designated to fill this representative vacancy, the CONTRACTOR organization remains the ultimate responsible party for performing the tasks and responsibilities presented in this Agreement.

9.23 Effect of Regulation

Should any local, state, or national regulatory authority having jurisdiction over the BMPO enter a valid and enforceable order upon the BMPO which has the effect of changing or superseding any term or condition of this Agreement, such order shall be complied with, but only so long as such order remains in effect and only to the extent actually necessary under the law. In such event, this Agreement shall remain in effect, unless the effect of the order is to deprive the BMPO of a material part of its Agreement with the CONTRACTOR. In the event this order results in depriving the BMPO of material parts or raising their costs beyond that defined in this Agreement, the BMPO shall have the right to rescind all or part of this Agreement (if such a rescission is practical) or to end the Agreement term upon xxxxx (##) days written prior notice to the CONTRACTOR. Should the Agreement be terminated under such circumstances, the BMPO shall be absolved of all penalties and financial assessments related to cancellation of the Agreement.

The BMPO shall not be charged for such compliance beyond the cost of the annual maintenance and support fees. The BMPO shall also not be charged for analysis, investigation, design, programming, conversion, or implementation of such compliance beyond the cost of the annual maintenance and support fees.

9.24 Advertisement
CONTRACTOR shall not use, in its external advertising, marketing programs, or other promotional efforts, any data, pictures, or other representation of the BMPO unless CONTRACTOR receives specific written authorization in advance from the BMPO’s <Executive Director>. CONTRACTOR will limit and direct any of its advertising on the BMPO’s premises and shall make arrangements for such advertising through the <Executive Director>. CONTRACTOR shall not install any signs or other displays within or outside of the BMPO’s premises unless in each instance the prior written approval of the BMPO’s <Executive Director> has been obtained. However, nothing in this clause shall preclude CONTRACTOR from listing the BMPO on its routine BMPO list for matters of reference.

9.25 Password Security
The CONTRACTOR warrants that no ‘back door’ password or other method of remote access into the Software code exists. The CONTRACTOR agrees that any and all access to any Software code residing on the BMPO’s BMPO/server must be granted by the BMPO to the CONTRACTOR, at the BMPO’s sole discretion.

9.26 Project Schedule and Acceptance.
CONTRACTOR will develop a detailed project schedule that details both CONTRACTOR and BMPO’s responsibilities, timeline for project activities, phases, milestones, and deliverables (“Project Schedule”) in connection with CONTRACTOR’s performance of the Services. The Project Schedule should be in sufficient detail to specify the deliverables, conversion, training, testing, acceptance, configuration, modification, integration, and live operation activities. Both CONTRACTOR and BMPO agree that a mutually agreeable Project Schedule will be submitted and approved by BMPO within xxxxx (##) days of the date the Agreement is signed by both parties (“Effective Date”). In the event CONTRACTOR is unable to provide the Project Schedule within xxxxx (##) days, BMPO will have at its option, the ability to terminate the Agreement and obtain all fees paid to CONTRACTOR. The Project Schedule will also include the criteria by which the software will be tested and accepted by BMPO.

9.27 Programming Services
BMPO may during the implementation period or thereafter require modifications, interfaces, conversion, report writing, etc., services from CONTRACTOR (“Customizations”). CONTRACTOR agrees to provide a written Change Order describing the work to be performed and estimating the costs for BMPO approval before any work is initiated by CONTRACTOR. CONTRACTOR will not exceed the costs set forth in the mutually agreed to Change Orders without justification, in writing, that is acceptable to the BMPO. No costs in excess of the estimates will be paid by BMPO unless approved in writing in advance of fee incurrence. All Customizations shall be subject to Acceptance Testing before payment is
released by the BMPO. Acceptance of the Customizations resulting from each Change Order shall be per the Acceptance Testing clause herein.

9.28 Acceptance Testing

For purposes of acceptance of the Solution (or portions thereof), the parties intend to use the following staged acceptance procedure. All timeframes specified in the following procedures may be overridden by the Project Schedule.

A. Written Deliverable: CONTRACTOR may submit interim drafts (stamped, noted or otherwise clearly marked “Draft”) of a written deliverable to BMPO for review. BMPO agrees to review and provide comments to CONTRACTOR on each interim draft within xxxxx (#) business days after receiving it from CONTRACTOR. BMPO will have the opportunity to review the written deliverable for an acceptance period of xxxxx (#) business days after delivery of the final version (stamped, noted or otherwise clearly marked “Final Draft”) of the written deliverable (the “Acceptance Period”). BMPO agrees to notify CONTRACTOR in writing by the end of the Acceptance Period either stating that the written deliverable is accepted in the form delivered by CONTRACTOR or describing in reasonable detail any substantive deficiencies that must be corrected prior to acceptance of the written deliverable. If CONTRACTOR does not receive any such deficiency notice from BMPO by the end of the Acceptance Period, the written deliverable will be deemed to be accepted and an approved document marked “Approved” and dated will be provided to BMPO. If BMPO delivers to CONTRACTOR a timely notice of deficiencies and the items specified in the notice are deficiencies, CONTRACTOR will promptly correct the described deficiencies and return to BMPO for Acceptance. BMPO will not unreasonably withhold, delay or condition its approval of a final written deliverable.

CONTRACTOR is responsible for tracking status of each deliverable including but not limited to the date in which it was submitted to the BMPO and date returned.

B. Software Deliverable: Acceptance testing is an iterative process designed to determine whether each component of the Software combined with related Services delivered by CONTRACTOR (“Software Deliverable”) performs the functions described in the Contract Documents and to discover and remove material deviations where the Software Deliverable does not substantially perform the
functions described in the Contract Documents ("Defects") through repeated testing cycles. In the event of conflicts between Contract Documents and Application Software Documentation the Contract Documents will prevail.

CONTRACTOR will work with the BMPO and make a good faith effort to develop a test plan with the requisite details, understanding the level of detail required may change depending on the complexity of the requested Software Deliverable and to test each Software Deliverable (the "Acceptance Tests" or "Acceptance Testing").

i. The "Acceptance Test Period" for each Software Deliverable will be xxxxx (##) business days unless an alternate time is mutually agreed upon between CONTRACTOR and BMPO per the Project Schedule. The Acceptance Test Period for each Software Deliverable will start within xxxxx (#) business days, unless an alternate start date is mutually agreed upon by CONTRACTOR and BMPO per the Project Schedule, after the Software Deliverable is installed at BMPO's designated site and CONTRACTOR has successfully completed CONTRACTOR's installation test and notified BMPO that the Software deliverable is "Ready for Acceptance Testing." CONTRACTOR will not be obligated to deliver a Software Deliverable to BMPO until BMPO demonstrates the readiness of the target technical platform and environment.

ii. If BMPO determines during the Acceptance Test Period that the Software Deliverable contains a Defect, BMPO will promptly send CONTRACTOR a written notice reporting the alleged Defect describing it to CONTRACTOR in sufficient detail reasonably necessary for CONTRACTOR to recreate it. CONTRACTOR will modify the Software Deliverable to remove the reported Defect and will provide the modifications to BMPO for re-testing. BMPO will then re-test the modified portions of the Software Deliverable promptly after receiving the modifications from CONTRACTOR. In such a case, CONTRACTOR and BMPO will mutually agree upon an updated Acceptance Test Period.

iii. By the end of the Acceptance Testing Period BMPO will provide CONTRACTOR with a final written list reporting any outstanding Defects (the "Punch List"). BMPO will then have xxxxx (##) business days after the receipt of the modifications to re-test the modified Software Deliverable to confirm that the Defects that were reported on the Punch List have been
removed. If any Defects that were reported on the Punch List have not been removed, BMPO will provide CONTRACTOR with written notification by the end of the retesting period reporting any such Defects. In such event, the procedures set forth in this section will be repeated for the remaining Defects on the Punch List.

iv. CONTRACTOR and BMPO each agrees to work diligently to achieve acceptance of Software Deliverable at the earliest possible date.

C. “User Acceptance Testing” shall mean testing of each Phase identified in the Project Schedule using the process defined above for Software Deliverable.

D. “Conditional Acceptance” will occur upon the earlier of correction of Defects reported as part of User Acceptance Testing of the Phase, or Go-Live of the Phase. There will be a Conditional Acceptance for each Phase; Conditional Acceptance after the final Phase constitutes Conditional Acceptance of the entire Solution. Unless the Project Schedule determines otherwise, the Acceptance Test Period for User Acceptance Testing will be xxxxx (##) calendar days, CONTRACTOR and BMPO will work diligently to put the Phase into Go Live operations.

E. “Final Acceptance” involves use of the Solution in totality in production operations for a period of xxxxx (##) calendar days, provision of all Services by CONTRACTOR, and completion of the Phases and/or the Software previously tested and meeting Conditional Acceptance. If after xxxxx (##) calendar days the Solution performs without Defects, the BMPO and the CONTRACTOR will both issue and execute a “Final Acceptance” of the Solution. The xxxxx (##) day time frame for Final Acceptance will stop if Defects are found during production use and prevent further production use of the Software. The Final Acceptance process will resume on the date the Defect is confirmed as fixed and will continue for the remainder of the Xxxxx (##) day time frame. There will be a Final Acceptance for each Phase; Final Acceptance after the final Phase constitutes Final Acceptance of the entire Solution.

9.29 Professional Services Warranty
A. CONTRACTOR agrees at all times to maintain an adequate staff of experienced and qualified employees for efficient performance under this Agreement. CONTRACTOR agrees that, at all times, the employees of CONTRACTOR furnishing or performing any services shall do so in a proper, workmanlike, and dignified manner.
B. CONTRACTOR agrees that all persons working for or on behalf of CONTRACTOR whose duties bring them upon the BMPO's premises shall obey the rules and regulations that are established by the BMPO and shall comply with the reasonable directions of the BMPO's officers. The BMPO may, at any time, require the removal and replacement of any of CONTRACTOR's employees for good cause.

C. CONTRACTOR shall be responsible for the acts of its employees and agents while on the BMPO's premises. Accordingly, CONTRACTOR agrees to take all necessary measures to prevent injury and loss to persons or property located on the BMPO's premises. CONTRACTOR shall be responsible for all damages to persons or property caused by CONTRACTOR or any of its agents or employees. CONTRACTOR shall promptly repair, to the specifications of the BMPO, any damage that it, or its employees or agents, may cause to the BMPO's premises or equipment; on CONTRACTOR's failure to do so, the BMPO may repair such damage and CONTRACTOR shall reimburse the BMPO promptly for the cost of repair.

D. CONTRACTOR agrees that, in the event of an accident of any kind, CONTRACTOR will immediately notify the BMPO’s contact person and thereafter, if requested, furnish a full written report of such accident.

E. CONTRACTOR shall perform the services contemplated in the Agreement without interfering in any way with the activities of the BMPO's staff or visitors.

F. CONTRACTOR and its employees or agents shall have the right to use only those facilities of the BMPO that are necessary to perform services under this Agreement and shall have no right to access any other facilities of the BMPO. The BMPO shall also extend parking privileges to properly identified members of CONTRACTOR's full-time staff on the same basis as they are extended to the BMPO's staff.

G. The BMPO shall have no responsibility for the loss, theft, mysterious disappearance of, or damage to equipment, tools, materials, supplies, and other personal property of CONTRACTOR or its employees or subcontractors.
9.30 Ineffective Training
CONTRACTOR will submit to BMPO an agenda in advance of any training sessions to be covered with the key materials provided during the course of the training. Further, CONTRACTOR will provide to BMPO details associated with the layout of the training facility, computer requirements, as well as all associated media necessary to deliver the course. BMPO will conduct a rating of the course after its completion and communicate the results of this rating to CONTRACTOR for future class improvements. In the event that BMPO asserts in good faith that any CONTRACTOR training consultant lacks the skill or capacity to adequately train BMPO’s staff, CONTRACTOR shall replace such training consultant as soon as reasonably possible. If BMPO notifies CONTRACTOR within xxxxx (#) business days of the completion of said training, that in BMPO’s reasonable judgment the training sessions provided by such training consultant were inadequate or ineffective, then CONTRACTOR shall provide a credit in training days to BMPO for all such training sessions.

9.31 Non-Performance Escalation Procedures
In the event that the BMPO determines that CONTRACTOR is not performing in a manner consistent with the intent and spirit of this Agreement or in a manner consistent with commonly accepted business practices, then the BMPO shall have the right to, in the sequence shown: (a) formally notify CONTRACTOR of non-performance, (b) reserve the right to withhold any and all payments pending, including support and maintenance fees, until the non-performance is corrected, (c) request a joint meeting of CONTRACTOR and BMPO decision makers to attempt to resolve the non-performance, (d) require a CONTRACTOR employee to be on-site at BMPO’s location until the non-performance is resolved, (e) request arbitration in Fort Lauderdale, Florida per terms of the American Arbitration Association or at BMPO’s sole option, commencing suit in Broward County, Florida, the venue of which is agreed to by CONTRACTOR, (f) invoke the Termination clause herein.

9.32 Force Majeure Clause
Timely performance is essential to the successful initial implementation and ongoing operation of the network described herein. However, neither party will be liable for delays in performing its obligations under this Agreement to the extent that the delay is caused by force majeure.

9.33 Force Majeure Requisites
Force majeure shall not be allowed unless:

A. Within xxxxx (#) calendar days of the occurrence of force majeure, the party whose performance is delayed thereby shall provide the other party or parties with written notice explaining the cause and
extent thereof, as well as a request for a time extension equal to the estimated duration of the force majeure events.

B. Within xxxxx (#) calendar days after the cessation of the force majeure event, the party whose performance was delayed shall provide the other party written notice of the time at which force majeure ceased and a complete explanation of all pertinent events pertaining to the entire force majeure situation.

9.34 120 Day Maximum
Under no circumstances shall delays caused by a force majeure extend beyond xxxxx hundred-twenty (120) days from the scheduled delivery or completion date of a task, unless by prior [to the end of the xxxxx hundred-twenty (120) day period] written approval is received from the other party. Failure to secure this written prior permission, even in the case of force majeure, shall constitute default by the party failing to meet the requirement.

9.35 Right of Cancellation
Either party shall have the right to cancel the Agreement if force majeure suspends performance of scheduled tasks by xxxxx or more parties for a period of xxxxx hundred-twenty (120) or more days from the scheduled date of the task. If a cancellation due to a force majeure occurs before title passes to the BMPO, the CONTRACTOR may keep any parts of the system as it can salvage, but must remove same at its own expense. If cancellation occurs due to a force majeure after title passes to the BMPO, the system shall remain with the BMPO and the CONTRACTOR shall be entitled to any such payments as have accrued according to the payment schedule.

9.36 Liquidated Damages
Failure on the part of the CONTRACTOR to complete critical project milestones as established in the Project Schedule may result in liquidated damages being imposed on the CONTRACTOR by the BMPO for breach of contract and for non-compliance. The milestones will be defined in the Project Schedule and extent of damages will be <$##> per day for each day the project Go Live date as defined in the Project Schedule is extended.

9.37 Pricing
All prices for CONTRACTOR's Software and Services hereunder are firm for the term of the Agreement. The BMPO shall pay CONTRACTOR for satisfactory performance of the Software and Services specified in this Agreement, the sums in accordance with CONTRACTOR's response to BMPO's RFP, this Agreement and any related addenda. BMPO reserves the right to delay the purchase of Software components ("Modules") and
related Services. The Modules subject to this price protection are included in Exhibit <##>.

9.38 Change Orders
The Project Managers appointed pursuant to this Agreement will meet periodically to review the Project Schedule. Changes to the scope of the project including additional Software and Services may be proposed by either party, and if accepted by the parties, the proposed changes shall be reduced to a written document, inclusive of any applicable pricing changes (“Change Order”). Written approval signed by a duly authorized representative of each of the parties of such Change Order must be obtained prior to the provision of any products or services related to such Change Order.

CONTRACTOR shall provide to BMPO a written quotation for any changes in this Agreement, including Software, Services, Customizations, etc. Each Change Order shall be reviewed and approved by BMPO, and shall be subject to the requirements in the section.

9.39 Payment Terms
It is expected that certain payments will be made to CONTRACTOR by BMPO upon delivery of the Software with additional payments made for Software and Services based on specific project milestones as defined in the Project Schedule.

CONTRACTOR shall invoice BMPO for the Total Amount on Exhibits <###> and <###> according to the following payment schedules:

9.40 Software
- ###% Due upon Contract Execution
- ###% Due upon initial Software installation
- ###% Due in installments based upon Conditional Acceptance of each Software module
- ###% Due upon Final Acceptance

9.41 Services
- ###% Due in installments based on Conditional Acceptance of Milestones as defined in the Statement of Work
- ###% Due upon Final Acceptance

9.42 Customizations
- ###% Due as incurred upon completion of design
- ###% Due upon Conditional Acceptance of Modification
- ###% Due upon Final Acceptance
9.43 **Maintenance and Support Services**
- First year maintenance and support services fee due upon Final Acceptance

CONTRACTOR shall submit to the BMPO an invoice in a form agreeable to the BMPO. The invoice shall be accompanied by such supporting documentation as required by the BMPO.

9.44 **Right to Withhold Payment**
If the CONTRACTOR breaches any provision of this Agreement, the BMPO shall have a right to withhold all payments due to the CONTRACTOR until such breach has been fully cured.

9.45 **Travel Expense Reimbursement**
All travel expense costs must be included in the CONTRACTOR’s fixed price cost. BMPO will not make a separate payment for reimbursable expenses. BMPO shall not be liable for additional travel costs incurred due for any reason outside of CONTRACTOR’s control.

9.46 **Funding Out**
This Agreement shall terminate at such time, if any, that the BMPO Board fails to appropriate sufficient sums in the budget year for which the Agreement applies to pay the amount due.

9.47 **Maintenance and Support Services**
For as long as BMPO pays the maintenance and support fees delineated in Exhibit <##>, CONTRACTOR will provide BMPO with maintenance and support services (“Extended Services”) with respect to the Software. Such Extended Services shall consist of the following:

A. CONTRACTOR shall provide maintenance for the Software necessary to insure its operation in material conformance with all Documentation, Contract Documents and all representations and warranties set forth herein.

B. CONTRACTOR shall provide BMPO with any revisions, updates and enhancements of the Software, together with related documentation, during the period in which enhancement and support services under this Agreement are furnished.

C. CONTRACTOR agrees that the rates specified for Extended Services shall remain in effect for a period of minimally two (#) years from initial contract signing.

D. CONTRACTOR agrees not to assign its Extended Services obligations as contemplated herein, without prior written authorization of BMPO, which will not be unreasonably withheld. CONTRACTOR will not utilize subcontractors for any Extended
Services provided herein without the express written authorization of BMPO.

9.48 **Annual Maintenance and Support Fees**
Annual maintenance and support fees shall not be increased by an annual average percentage greater than the annual Consumer Price Index (CPI) for the Southeast region or xxxx (#) %, whichever is less, for as long as annual support fees are paid and the license agreement between the BMPO and the CONTRACTOR is in effect.

CONTRACTOR agrees to send an itemized invoice to the BMPO at least 90 days before maintenance is up for renewal.

9.49 **Resolution and Response Time Warranty**
CONTRACTOR warrants that all Resolution and Response Times delineated below shall be adhered to as follows, as determined by the CONTRACTOR's Project Manager:

Priority 1 support issues are defined as: Mission Critical – Software is down/undiagnosed but feared critical; situation may require a restore and Software use is suspended until a diagnosis is given.

- Response to first call time limit – within xxxx (#) business hours.
- Resolution time limit – CONTRACTOR shall use its best efforts to resolve within xxxx business day.
- If CONTRACTOR and BMPO are on a support telephone call to resolve a Priority 1 support issue at the time that normal support hours end, CONTRACTOR support representatives will remain on the call past the normal support hours to provide what assistance can be provided at no additional cost. BMPO acknowledges that programmers will not be available at that time.
- Penalty for not adhering to time limits - BMPO shall receive a xxxx (#) % credit against the annual maintenance and support fees, per incident.

Priority 2 support issues are defined as: Critical Issue – Software is not down, but operations are negatively impacted.

- Response to first call time limit – within xxxx (#) business hours.
- Resolution time limit – CONTRACTOR shall use its best efforts to resolve within xxxx (#) business days.
- Penalty for not adhering to time limits - BMPO shall receive a xxxx percent (#%) credit against the annual maintenance and support fees, per incident.

Priority 3 support issues are defined as: Non-Critical Issue – resolution period to be mutually agreed upon.
• Response to first call time limit – within xxxxx (##) business hours.
• Resolution time limit – CONTRACTOR shall use its best efforts to resolve within xxxxx (##) business days.
• Penalty for not adhering to time limits - BMPO shall receive a xxxxx percent (#%) credit against the quarterly Support fees, per incident.

9.50 Termination of Annual Maintenance and Support
BMPO may cancel maintenance upon xxxxx (##) day notification to the CONTRACTOR.

Maintenance may be reinstated by the BMPO at an amount not to exceed the back fees that would have been due if maintenance/support had not been dropped. In the event of reinstatement of Maintenance, the BMPO shall not be forced to move to a new license model and no upgrade fees for licenses already purchased shall be charged by CONTRACTOR.

The CONTRACTOR shall give the BMPO at least xxxxx (#) months’ notice before unilaterally canceling maintenance. In addition, the CONTRACTOR shall continue to support the software/product as long as it is supporting such Software for other customers of CONTRACTOR.

9.51 Source Code Escrow
CONTRACTOR shall place Source Code for the Software modules licensed by the BMPO in escrow with an independent third-party (with whom a separate Escrow Agreement will be entered into by CONTRACTOR at no additional cost to BMPO). The Source Code shall be kept current with the releases and versions of the Software in live use at the BMPO. The Source Code shall revert to BMPO for BMPO’s use if CONTRACTOR files for bankruptcy or protection from creditors in a court of law. BMPO shall then have full rights to use source code for any purposes other than resale.

CONTRACTOR will provide appropriate source code to the BMPO in a timely manner in the event that the CONTRACTOR goes out of business or no longer supports the Software being licensed. The same applies if the CONTRACTOR is merged or acquired and the Software is no longer supported. Once the BMPO obtains the source code, it will be a perpetual license, and there will be no additional fees due, even if additional licenses are deployed.

9.52 Video and Audio Recording
BMPO reserves the right to record video and/or audio of any and all training sessions, whether held at BMPO site, CONTRACTOR site, or via teleconference. Use of such recordings shall be strictly for BMPO staff training purposes.
9.53 **Federally Mandated Changes**
CONTRACTOR shall supply BMPO with all federally mandated changes to CONTRACTOR's Software. CONTRACTOR will make a good faith effort to provide BMPO with these changes within xxxxx (##) days of their enactment dates prescribed by the aforementioned bodies. In the event that CONTRACTOR is unable to supply these changes within xxxxx (##) days of the enactment, BMPO will be credited a prorated share of the annual maintenance and support fee for every week CONTRACTOR is tardy in delivering the required change.

9.54 **Future Releases/Upgrades**
BMPO shall be entitled to future releases and upgrades, whether of a “minor” or major” nature, of CONTRACTOR Software for no additional cost beyond the annual maintenance and support fees delineated in Exhibit <##>.

9.55 **Solution Longevity**
The CONTRACTOR certifies that the Software will remain available and fully supported by CONTRACTOR for a minimum of xxxxx (##) years from the date the Agreement is signed and that any material changes to CONTRACTOR’s company or products will not affect the BMPO's implementation, maintenance or support of the Software as long as BMPO pays the annual maintenance and support fees.

9.56 **Successor Software Products**
In the event CONTRACTOR makes available successor software products with substantially similar functionality as the Software which may be based on a new technical architecture (“Successor Products”) within xxxxx (##) years of contract signing, BMPO may transfer the license for the Software to the Successor Products for no additional CONTRACTOR license fees. In such event, BMPO shall pay the then-current annual maintenance and support fees for the Successor Products, in addition to any services and/or third party fees associated with the Successor Products.

9.57 **Functionality Replacement**
The BMPO maintains the rights to the Software functionality that is licensed herein, even if that functionality later gets renamed or rebundled by CONTRACTOR.

9.58 **Right to Outsource**
Software licensed to BMPO may be used by a third-party CONTRACTOR hired by BMPO to perform outsource services on BMPO’s behalf.

Federal Contractual Provisions

EXHIBIT “C-1”

FEDERAL TRANSIT ADMINISTRATION REQUIRED
CONTRACTUAL PROVISIONS

The applicable provisions in this Section shall be set forth in any Contract resulting from
this RFP. By submitting a Proposal, Proposers acknowledge and agree to comply with
the applicable provisions in this Section in the event they are awarded the Contract.

1. NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES.

In connection with the Project, the Contractor agrees that, absent the Federal
Government’s express written consent, the Federal Government shall not be subject to
any obligations or liabilities to any subcontractor, lessee, third party contractor, or other
participant at any tier of the Project, or other person or entity that is not a party to the
Grant Agreement or Cooperative Agreement for the Project. Notwithstanding that the
Federal Government may have concurred in or approved any solicitation, subcontract,
lease, third party contract, or arrangement at any tier, the Federal Government has no
obligations or liabilities to any entity other than the Contractor, including any
subcontractor, lessee, third party contractor, or other participant at any tier of the Project.

2. FEDERAL LAWS, REGULATIONS, AND DIRECTIVES.

The Contractor agrees that Federal laws and regulations control Project award and
implementation. The Contractor also agrees that Federal directives, as defined in the
Master Agreement, provide Federal guidance applicable to the Project, except to the
extent that FTA determines otherwise in writing. Thus, FTA strongly encourages
adherence to applicable Federal directives. The Contractor understands and agrees that
unless the Contractor requests FTA approval in writing, the Contractor may incur a
violation of Federal laws or regulations, its Grant Agreement or Cooperative Agreement,
or the Master Agreement if it implements an alternative procedure or course of action not
approved by FTA.

The Contractor understands and agrees that Federal laws, regulations, and directives
applicable to the Project and to the Contractor on the date on which the FTA Authorized
Official awards Federal assistance for the Project may be modified from time to time. In
particular, new Federal FTA laws, regulations, and directives may become effective after
the date on which the Contractor executes this Agreement for the Project, and might apply
to this Agreement. Contractor agrees that the most recent of such Federal laws, regulations, and directives will apply to the administration of the Project at any particular time, except to the extent that FTA determines otherwise in writing.

FTA’s written determination may take the form of a Special Condition, Special Requirement, Special Provision, or Condition of Award within the Grant Agreement or Cooperative Agreement for the Project, a change to an FTA directive, or a letter to the Contractor signed by the Federal Transit Administrator or his or her duly authorized designee, the text of which modifies or conditions a specific provision of the Grant Agreement or Cooperative Agreement for the Project or this Agreement. To accommodate changing Federal requirements, the Contractor agrees to include in each agreement with each subcontractor, each lease, each third party contract, and other similar document implementing the Project notice that Federal laws, regulations, and directives may change and that the changed provisions will apply to the Project, except to the extent that FTA determines otherwise in writing. All standards or limits in this Agreement for the Project, and in the Master Agreement are minimum requirements, unless modified by FTA.

3. FALSE OR FRAUDULENT STATEMENTS OR CLAIMS.

Contractor acknowledges and agrees that:

(1) Civil Fraud. The Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq., and U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 C.F.R. Part 31, apply to the Contractor’s activities in connection with the Project. By executing Contract for the Project, the Contractor certifies or affirms the truthfulness and accuracy of each statement it has made, it makes, or it may make in connection with the Project. In addition to other penalties that may apply, the Contractor also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation to the Federal Government, the Federal Government reserves the right to impose on the Contractor the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, to the extent the Federal Government deems appropriate.

(2) Criminal Fraud. If the Contractor makes a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation to the Federal Government or includes a false, fictitious, or fraudulent statement or representation in any agreement with the Federal Government or the BMPO in connection with a Project authorized under 49 U.S.C. chapter 53 or any other Federal law, the Federal Government reserves the right to impose on the Contractor the penalties of 49 U.S.C. § 5323(l), 18 U.S.C. § 1001, or other applicable Federal law to the extent the Federal Government deems appropriate.
4. CIVIL RIGHTS.

The Contractor agrees to comply with all applicable civil rights laws and regulations, in accordance with applicable Federal directives, except to the extent that the Federal Government determines otherwise in writing. These include, but are not limited to, the following:

A. Nondiscrimination in Federal Public Transportation Programs. The Contractor agrees to comply, and assures the compliance of each subcontractor, lessee, third party contractor, or other participant at any tier of the Project, with the provisions of 49 U.S.C. § 5332, which prohibit discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity.

B. Nondiscrimination – Title VI of the Civil Rights Act. The Contractor agrees to comply, and assures the compliance of each subcontractor, lessee, third party contractor, or other participant at any tier of the Project, with all provisions prohibiting discrimination on the basis of race, color, or national origin of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. §§ 2000d et seq., and with U.S. DOT regulations, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act,” 49 C.F.R. Part 21. Except to the extent FTA determines otherwise in writing, the Contractor agrees to follow all applicable provisions of the most recent edition of FTA Circular 4702.1A, “Title VI and Title VI-Dependent Guidelines for Federal Transit Administration Contractors,” and any other applicable Federal directives that may be issued.

C. Equal Employment Opportunity. The Contractor agrees to comply, and assures the compliance of each subcontractor, lessee, third party contractor, or other participant at any tier of the Project, with all equal employment opportunity (EEO) provisions of 49 U.S.C. § 5332, with Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000e et seq., and implementing Federal regulations and any later amendments thereto. Except to the extent FTA determines otherwise in writing, the Contractor also agrees to follow all applicable Federal EEO directives that may be issued. Accordingly:

(1) General. The Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, sex, disability, age, or national origin. The Contractor agrees to take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, disability, age, or national origin. Such action shall include, but not be limited to, employment, upgrading, demotions or transfers, recruitment or recruitment advertising, layoffs or terminations; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

(2) Equal Employment Opportunity Requirements for Construction Activities. For activities determined by the U.S. Department of Labor (U.S. DOL) to qualify as “construction,” the Contractor agrees to comply and assures the compliance of each subcontractor, lessee, third party contractor, or other participant, at any tier of the Project, with all requirements of U.S. DOL regulations, “Office of Federal Contract Compliance Programs, Equal

D. Disadvantaged Business Enterprise. To the extent authorized by Federal law, the Contractor agrees to facilitate participation by Disadvantaged Business Enterprises (DBEs) in the Project and assures that each subcontractor, lessee, third party contractor, or other participant at any tier of the Project will facilitate participation by DBEs in the Project to the extent applicable as follows:

(2) The Contractor agrees and assures that it shall not discriminate on the basis of race, color, sex, or national origin in the award and performance of any subagreement, lease, third party contract, or other arrangement supported with Federal assistance derived from U.S. DOT in the administration of its DBE program and shall comply with the requirements of 49 C.F.R. Part 26. The Contractor agrees to take all necessary and reasonable steps as set forth in 49 C.F.R. Part 26 to ensure nondiscrimination in the award and administration of all subagreements, leases, third party contracts, and other arrangements supported with Federal assistance derived from U.S. DOT. As required by 49 C.F.R. Part 26, the Contractor’s DBE program approved by U.S. DOT, if any, is incorporated by reference and made part of the Grant Agreement or Cooperative Agreement for the Project. The Contractor agrees that it has a legal obligation to implement its approved DBE program, and that its failure to carry out that DBE program shall be treated as a violation of the Grant Agreement or Cooperative Agreement for the Project and the Master Agreement. Upon notification by U.S. DOT to the Contractor of the Contractor’s failure to implement its approved DBE program, U.S. DOT may impose the sanctions as set forth in 49 C.F.R. Part 26 and may, in appropriate cases, refer the matter to the appropriate Federal authorities for enforcement under 18 U.S.C. § 1001, or the Program Fraud Civil Remedies Act, 31 U.S.C. §§ 3801 et seq., or both.

F. Nondiscrimination on the Basis of Age. The Contractor agrees to comply with all applicable requirements of:

G. Access for Individuals with Disabilities. The Contractor agrees to comply with 49 U.S.C. § 5301(d), which states the Federal policy that elderly individuals and individuals with disabilities have the same right as other individuals to use public transportation services and facilities, and that special efforts shall be made in planning and designing those services and facilities to implement transportation accessibility rights for elderly individuals and individuals with disabilities. The Contractor also agrees to comply with all applicable provisions of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of disability in the administration of programs or activities receiving Federal financial assistance; with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to individuals with disabilities; with the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to individuals with disabilities; and with other laws and amendments thereto pertaining to access for individuals with disabilities that may be applicable. In addition, the Contractor agrees to comply with applicable implementing Federal regulations, and any later amendments thereto, and agrees to follow applicable Federal implementing directives, except to the extent FTA approves otherwise in writing. Among those regulations and directives are:
(1) U.S. DOT regulations, “Transportation Services for Individuals with Disabilities (ADA),” 49 C.F.R. Part 37;
(2) U.S. DOT regulations, “Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance,” 49 C.F.R. Part 27;
(9) U.S. ATBCB regulations, “Electronic and Information Technology Accessibility Standards,” 36 C.F.R. Part 1194;
(10) FTA regulations, “Transportation for Elderly and Handicapped Persons,” 49 C.F.R. Part 609; and
(11) Federal civil rights and nondiscrimination directives implementing those Federal laws and regulations, except to the extent the Federal Government determines otherwise in writing.

H. Drug or Alcohol Abuse - Confidentiality and Other Civil Rights Protections. To the extent applicable, the Contractor agrees to comply with the confidentiality and civil rights protections of the Drug Abuse Office and Treatment Act of 1972, as amended, 21 U.S.C. §§ 1101 et seq., the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970, as amended, 42 U.S.C. §§ 4541 et seq., and the Public Health Service Act of 1912, as amended, 42 U.S.C. §§ 290dd through 290dd-2, and any amendments thereto.

K. Other Nondiscrimination Laws. The Contractor agrees to comply with applicable provisions of other Federal laws and regulations, and follow applicable Federal directives prohibiting discrimination, except to the extent the Federal Government determines otherwise in writing.
5. FEDERAL STANDARDS.

The Contractor agrees to comply with applicable third party procurement requirements of 49 U.S.C. chapter 53 and Federal laws in effect now or subsequently enacted; with applicable U.S. DOT third party procurement regulations at 49 C.F.R. § 18.36 or 49 C.F.R. §§ 19.40 through 19.48, and with other applicable Federal regulations pertaining to third party procurements and later amendments thereto. The Contractor also agrees to follow the provisions of the most recent edition and revisions of FTA Circular 4220.1F, “Third Party Contracting Guidance,” except to the extent FTA determines otherwise in writing. The Contractor agrees that it may not use FTA assistance to support its third party procurements unless its compliance with Federal laws and regulations is satisfactory. Although the FTA “Best Practices Procurement Manual” provides additional third party contracting information, the Contractor understands and agrees that the FTA “Best Practices Procurement Manual” may omit certain Federal requirements applicable to specific third party contracts.

6. ACCESS TO THIRD PARTY CONTRACT RECORDS.

The Contractor agrees to require, and assures that its subcontractors require, their third party contractors and third party subcontractors at each tier to provide to the U.S. Secretary of Transportation and the Comptroller General of the United States or their duly authorized representatives, access to all third party contract records as required by 49 U.S.C. § 5325(g). The Contractor further agrees to require, and assures that its subcontractors require, their third party contractors and third party subcontractors, at each tier, to provide sufficient access to third party procurement records as needed for compliance with Federal laws and regulations or to assure proper Project management as determined by FTA.

7. RIGHT OF THE FEDERAL GOVERNMENT TO TERMINATE.

Upon written notice, the Contractor agrees that the Federal Government may suspend or terminate all or any part of the Federal assistance to be provided for the Project if the Contractor has violated the terms of the Grant Agreement or Contract for the Project including the Master Agreement, or if the Federal Government determines that the purposes of the laws authorizing the Project would not be adequately served by the continuation of Federal assistance for the Project. The Contractor understands and agrees that any failure to make reasonable progress on the Project or any violation of the Grant Agreement or Contract for the Project, or the Master Agreement that endangers substantial performance of the Project shall provide sufficient grounds for the Federal Government to terminate the Grant Agreement or Cooperative Agreement for the Project. In general, termination of Federal assistance for the Project will not invalidate obligations properly incurred by the Contractor before the termination date to the extent those obligations cannot be canceled. If, however, the Federal Government determines that the Contractor has willfully misused Federal assistance by failing to make adequate progress, by failing to make reasonable and appropriate use of Project property, or by failing to
comply with the terms of the Grant Agreement or Contract for the Project including the Master Agreement, the Federal Government reserves the right to require the Contractor to refund the entire amount of Federal assistance provided for the Project or any lesser amount as the Federal Government may determine. Expiration of any Project time period established for the Project does not, by itself, constitute an expiration or termination of the Grant Agreement or Cooperative Agreement for the Project.

8. DEBARMENT AND SUSPENSION.

The Contractor agrees to comply with applicable provisions of Executive Orders Nos. 12549 and 12689, “Debarment and Suspension,” 31 U.S.C. § 6101 note, and U.S. DOT regulations, “Nonprocurement Suspension and Debarment,” 2 C.F.R. Part 1200, which adopt and supplement the provisions of U.S. Office of Management and Budget (U.S. OMB), “Guidelines to Agencies on Government wide Debarment and Suspension (Nonprocurement),” 2 C.F.R. Part 180. To the extent required by these U.S. DOT regulations and U.S. OMB guidance, the Contractor agrees to review the “Excluded Parties Listing System” at http://epls.gov/ and to include a similar term or condition in each lower tier covered transaction, assuring that, to the extent required by the U.S. DOT regulations and U.S. OMB guidance, each subcontractor, lessee, third party contractor, and other participant at a lower tier of the Project, will review the “Excluded Parties Listing System” at http://epls.gov/, and will include a similar term or condition in each of its lower tier covered transactions.

9. BUY AMERICA REQUIREMENTS

The Successful Proposer is hereby notified that this project is funded with federal funds from the FTA. Therefore, this project shall comply with the Buy America regulations published at 49 CFR Part 661. The Contractor shall comply with 49 U.S.C. §5323(j) and FTA regulations, “Buy America Requirements,” 49 CFR Part 661, and any amendments thereto in performing the Services requested in this RFP. If applicable, the Buy America certification forms shall be completed, signed, notarized and returned to the BMPO prior to Contract award.

10. DISPUTES, BREACHES, DEFAULTS, OR OTHER LITIGATION.

The Contractor agrees that FTA has a vested interest in the settlement of any dispute, breach, default, or litigation involving the Project. Accordingly:

A. Notification to FTA. The Contractor agrees to notify FTA in writing of any current or prospective major dispute, breach, default, or litigation that may affect the Federal Government’s interests in the Project or the Federal Government’s administration or enforcement of Federal laws or regulations. If the Contractor seeks to name the Federal Government as a party to litigation for any reason, in any forum, the Contractor agrees to inform FTA in writing before doing so. At a minimum, each notice to FTA under Section 56 of the Master Agreement shall be provided to the FTA Regional Counsel within whose
Region the Contractor operates its public transportation system or implements the Project.

B. Federal Interest in Recovery. The Federal Government retains the right to a proportionate share of any proceeds derived from any third party recovery, based on the percentage of the Federal share awarded for the Project, except that the Contractor may return liquidated damages recovered to its Project Account in lieu of returning the Federal share to the Federal Government.

C. Enforcement. The Contractor agrees to pursue its legal rights and remedies available under any third party contract or available under law or regulations.

D. FTA Concurrence. FTA reserves the right to concur in any compromise or settlement of any claim involving the Project and the Contractor.

E. Alternative Dispute Resolution. FTA encourages the Contractor to use alternative dispute resolution procedures, as may be appropriate.

11. LOBBYING RESTRICTIONS.

The Contractor agrees that:
(1) In compliance with 31 U.S.C. § 1352(a), it will not use Federal assistance to pay the costs of influencing any officer or employee of a Federal agency, Member of Congress, officer of Congress or employee of a member of Congress, in connection with making or extending the Contract;
(2) In addition, it will comply with other applicable Federal laws and regulations prohibiting the use of Federal assistance for activities designed to influence Congress or a State legislature with respect to legislation or appropriations, except through proper, official channels; and
(3) It will comply, and will assure the compliance of each subcontractor, third party contractor, or other participant at any tier of the Project with U.S. DOT regulations, “New Restrictions on Lobbying,” 49 C.F.R. Part 20, modified as necessary by 31 U.S.C. § 1352, as amended.

12. CLEAN AIR.

Except to the extent the Federal Government determines otherwise in writing, the Contractor agrees to comply with all applicable Federal laws and regulations and follow applicable Federal directives implementing the Clean Air Act, as amended, 42 U.S.C. §§ 7401 through 7671q. Specifically:
(1) The Contractor agrees to comply with the applicable requirements of subsection 176(c) of the Clean Air Act, 42 U.S.C. § 7506(c); with U.S. EPA regulations, “Determining Conformity of Federal Actions to State or Federal Implementation Plans,” 40 C.F.R. Part 93, Subpart A; and with any other applicable Federal conformity regulations that may be promulgated at a later date. To support the requisite air quality conformity finding for the Project, the Contractor agrees to implement each air quality mitigation or control measure
incorporated in the applicable documents accompanying the approval of the Project. The Contractor further agrees that any Project identified in an applicable State Implementation Plan (SIP) as a Transportation Control Measure will be wholly consistent with the design concept and scope of the Project described in the SIP.

(2) U.S. EPA also imposes requirements implementing the Clean Air Act, as amended, that may apply to public transportation operators, particularly operators of large public transportation bus fleets. Accordingly, to the extent they apply to the Project, the Contractor agrees to comply with U.S. EPA regulations, “Control of Air Pollution from Mobile Sources,” 40 C.F.R. Part 85; U.S. EPA regulations, “Control of Air Pollution from New and In-Use Motor Vehicles and New and In-Use Motor Vehicle Engines,” 40 C.F.R. Part 86; and U.S. EPA regulations “Fuel Economy of Motor Vehicles,” 40 C.F.R. Part 600, and any revisions thereto.

13. CLEAN WATER.

Except to the extent the Federal Government determines otherwise in writing, the Contractor agrees to comply with all applicable Federal laws and regulations and follow applicable Federal directives implementing the Clean Water Act, as amended, 33 U.S.C. §§ 1251 through 1377. Specifically:

14. RIGHTS IN DATA AND COPYRIGHTS.

A. Definition. The term “subject data,” as used in Section 18 of the Master Agreement means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the Grant Agreement or Contract for the Project. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. “Subject data” do not include financial reports, cost analyses, or other similar information used for Project administration.
B. General. The following restrictions apply to all subject data first produced in the performance of the Grant Agreement or Contract for the Project:
(1) Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the prior written consent of the Federal Government and the BMPO, unless the Federal Government has previously released or approved the release of such data to the public.
(2) The restrictions on publication of Paragraph 18.b(1) of the Master Agreement, however, do not apply to a Grant Agreement or Contract with an institution of higher learning.

C. Federal Rights in Data and Copyrights. The Contractor agrees to provide to the Federal Government a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for Federal Government purposes the subject data described in the Subsection 18.c of the Master Agreement. As used herein, “for Federal Government purposes,” means use only for the direct purposes of the Federal Government. Without the copyright owner’s consent, the Federal Government may not provide or otherwise extend to other parties the Federal Government’s license to:
(1) Any subject data developed under the Grant Agreement or Contract for the Project, or under a subcontract, lease, third party contract or other arrangement at any tier of the Project, supported with Federal assistance derived from the Grant Agreement or Contract for the Project, whether or not a copyright has been obtained; and
(2) Any rights of copyright to which a Contractor, subcontractor, lessee, third party contractor, or other participant at any tier of the Project purchases ownership using Federal assistance.

D. Special Federal Rights in Data for Research, Development, Demonstration, and Special Studies Projects. In general, FTA’s purpose in providing Federal assistance for a research, development, demonstration, or special studies Project is to increase transportation knowledge, rather than limit the benefits of the Project to Project participants. Therefore, when the Project is completed, the Contractor agrees to provide a Project report that FTA may publish or make available for publication on the Internet. In addition, the Contractor agrees to provide other reports pertaining to the Project that FTA may request. The Contractor agrees to identify clearly any specific confidential, privileged, or proprietary information it submits to FTA. In addition, except to the extent that FTA determines otherwise in writing, the Contractor of Federal assistance to support a research, development, demonstration, or a special studies Project agrees that, in addition to the rights in data and copyrights that it must provide to the Federal Government as set forth in Subsection 18.c of the Master Agreement, FTA may make available to any FTA Contractor, subcontractor, third party contractor, third party subcontractor or other participant at any tier of the Project, either FTA’s license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under the Project shall become subject data as defined in Subsection 18.a of the Master Agreement and shall be delivered as the Federal
Government may direct. This does not apply to adaptations of automatic data processing equipment or programs for the Contractor’s use when the costs thereof are financed with Federal assistance through an FTA capital program.

E. License Fees and Royalties. FTA considers income earned from license fees and royalties for copyrighted material, or trademarks produced under the Project to be program income. Except to the extent FTA determines otherwise in writing, as provided in 49 C.F.R. Parts 18 and 19, the Contractor has no obligation to the Federal Government with respect to that program income, apart from compliance with 35 U.S.C. §§ 200 et seq., which applies to patent rights developed under a research project.

F. Hold Harmless. Except as prohibited or otherwise limited by State law or except to the extent that FTA determines otherwise in writing, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project. The Contractor shall not be required to indemnify the Federal Government for any such liability caused by the wrongful acts of Federal employees or agents.

G. Restrictions on Access to Patent Rights. Nothing in Section 18 of the Master Agreement pertaining to rights in data shall either imply a license to the Federal Government under any patent or be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.

H. Data Developed Without Federal Funding or Support. In connection with the Project, the Contractor may find it necessary to provide data to FTA developed without any Federal funding or support by the Federal Government. The requirements of Subsections 18.b, 18.c, and 18.d of the Master Agreement do not apply to data developed without Federal funding or support by the Federal Government, even though that data may have been used in connection with the Project. Nevertheless, the Contractor understands and agrees that the Federal Government will not be able to protect data from unauthorized disclosure unless that data is clearly marked “Proprietary” or “Confidential.”

I. Requirements to Release Data. To the extent required by U.S. DOT regulations, “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations,” at 49 C.F.R. § 19.36(d), or other applicable Federal laws or Federal regulations, the Contractor understands and agrees that the data and information it submits to the BMPO or Federal Government may be required to be released in accordance with the Freedom of Information Act (or another Federal law or Federal regulation providing access to such records).

Federal Contractual Provisions

EXHIBIT C-2

FEDERAL HIGHWAY ADMINISTRATION (“FHWA”)

REQUIRED CONTRACTUAL PROVISIONS

The following terms apply to all contracts in which services involve the expenditure of federal funds:

A. It is understood and agreed that all rights of the BMPO relating to inspection, review, approval, patents, copyrights, and audit of the work, tracing, plans, specifications, maps, data, and cost records relating to this Agreement shall also be reserved and held by authorized representatives of the United States of America.

B. It is understood and agreed that, in order to permit federal participation, no supplemental agreement of any nature may be entered into by the parties hereto with regard to the work to be performed hereunder without the approval of the U.S. Department of Transportation, anything to the contrary in this Agreement notwithstanding.

C. Compliance with Regulations: The Consultant shall comply with the Regulations of the U.S. Department of Transportation Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.

D. Nondiscrimination: The Consultant, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of material and leases of equipment. The Consultant will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

E. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations made by the Consultant, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials and leases of equipment, each potential subcontractor or supplier shall be notified by the Consultant of the Consultant’s obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
F. Information and Reports: The Consultant will provide all information and reports required by the Regulations, or directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the BMPO, Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or Federal Motor Carrier Safety Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the Consultant is in the exclusive possession of another who fails or refuses to furnish this information, the Consultant shall so certify to the BMPO, Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration as appropriate, and shall set forth what efforts it has made to obtain the information.

G. Sanctions for Noncompliance: In the event of the Consultant's noncompliance with the nondiscrimination provisions of this contract, the BMPO shall impose such contract sanctions as it or the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:

1. withholding of payments to the Consultant under the contract until the Consultant complies and/or
2. cancellation, termination or suspension of the contract, in whole or in part.

H. Incorporation or Provisions: The Consultant will include the provisions of Paragraph C through H in every subcontract, including procurements of materials and leases of equipment unless exempt by the Regulations, order, or instructions issued pursuant thereto. The Consultant will take such action with respect to any subcontract or procurement as the BMPO, Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions, including sanctions for noncompliance. In the event a Consultant becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Consultant may request the BMPO to enter into such litigation to protect the interests of the BMPO, and, in addition, the Consultant may request the United States to enter into such litigation to protect the interests of the United States.

I. Interest of Members of Congress: No member of or delegate to the Congress of the United States will be admitted to any share or part of this contract or to any benefit arising therefrom.

J. Interest of Public Officials: No member, officer, or employee of the public body or of a local public body during his tenure or for one year thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof. For purposes of this provision, public body shall include municipalities and other political subdivisions of States; and public corporations, boards, and commissions established under the laws of any State.

K. Participation by Disadvantaged Business Enterprises: The Consultant shall agree to abide by the following statement from 49 CFR 26.13(b). This statements shall be included in all subsequent agreements between the Consultant and any subconsultant or contractor.

The Consultant, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-
assisted contracts. Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in termination of this contract or other such remedy as the recipient deems appropriate.

L. It is mutually understood and agreed that the willful falsification, distortion or misrepresentation with respect to any facts related to the project(s) described in this Agreement is a violation of the Federal Law. Accordingly, United States Code, Title 18, Section 1020, is hereby incorporated by reference and made a part of this Agreement.

M. It is understood and agreed that if the Consultant at any time learns that the certification it provided the Department in compliance with 49 CFR, Section 26.51, was erroneous when submitted or has become erroneous by reason of changed circumstances, the Consultant shall provide immediate written notice to the BMPO. It is further agreed that the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction" as set forth in 49 CFR, Section 29.510, shall be included by the Consultant in all lower tier covered transactions and in all aforementioned federal regulation.

(1) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, “USDOT”) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.

(2) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. (4) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation*, the *Federal Highway Administration*, *Federal Transit Administration*, *Federal Aviation Administration*, and/or the *Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions.
