Legislative Update for the week ending 02/16/2018

Overview

This week's newsletter starts with a horrible week in Florida, I don't have words to make this positive and truly wish I could be opening with something upbeat. My compliments to Senator Lauren Book who tweeted out after the Parkland tragedy "Hug your babies". Yes, Senator that is sage advice, thank you.

There are 11 more calendar days until committees stop meeting and at this point, if your bill hasn't moved I am calling it done. Bills are updated with a "**Will not pass this session**" in this newsletter if they have not had action. Frankly, if a bill has only one committee stop then it might have a chance of advancing to a full House or Senate vote. Other than that scenario, I would not bet money on a bill's passage. There are bills that have advanced in one chamber but the companion bill has not advanced in the other chamber. In those cases, not going to happen this year. This edition of the newsletter contains predictions of what may pass. Please remember, they are just that - predictions.

Usually at this section of the newsletter I break down what is going on in the Capitol and what bills or events are influencing the actions of the legislature. I don't have the stomach or heart to write about the obvious. The Marjory Stoneman Douglas High School is on the minds and lips of everyone.

Last week I mentioned the budget and we will have a budget passed since it is what the legislature is required to do each session. We will have a few bills passed, some that appear likely to pass have been pretty heavy lifts and have taken away from the ability of other bills to get traction and much-needed attention. Minor marriages and the texting while driving bills are a few examples. The gambling compact with the Seminole Tribe is one issue that has some interested parties who bring to the table their own agendas. The Speaker wants to limit how much gambling is in Florida. As he described, Florida is a family friendly destination for tourists and a gambling-centric state is not the lifestyle he sees for our residents. The Seminole Tribe wants the compact because it gives them exclusive rights to some gambling games, essentially a monopoly and that is good for their profits. The pari-mutual industry who wants in on the gambling industry, and would love to have some of those games that are the exclusive right of the Seminole Tribe, lost one of its champions in the Senate - Jack Latvala. The budget likes the money the Seminole Tribe sends to the State and so do the legislators who craft that budget. It is hard to say how this will come out, but it is hard to imagine that the opportunity to cut a deal on gambling would be ignored. Of course, as I stated in a newsletter last year "One thing is certain in politics, nothing is certain". That may prove to be prophetic this year. Let's see what happens.

This past week, the transportation bills have been a bit quiet. Here is a breakdown of the bills we are following. That's a wrap for this week. Grab a cup of coffee and enjoy this edition of the MPOAC Legislative Update.

HB 815: County and Municipal Public Officers and Employees – (Avila; Co-Introducers: La Rosa) - Companion bill is SB 1180. First, out of state travel for public officials must be approved by the full governing body of the county or municipality at a publicly noticed meeting and must be on the meeting agenda with an itemized list detailing all anticipated travel expenses. The public official travel must be approved by a majority vote of the governing body. This may create problems for MPO board members to attend events/conferences and USDOT led events given that short notice travel would be virtually impossible to be approved in advance. The second issue for MPOs is the cap of lodging expenses in excess of \$120 per night.

For MPOs that are administratively housed within a County or Municipality, the lodging cap of \$120 per night would apply to you. Foreign travel by county or municipal officers cannot be paid by their government body. Travel expenses incurred by public officers and employees may only be paid for if it is incurred 24 hours before, during and after the event necessitating the travel. SB 1180: County and Municipal Public Officers and Employees – (Steube) – Companion bill is HB 815. This bill does a number of things, of importance to MPOs are two requirements related to travel in the bill. First, out of state travel for public officials must be approved by the full governing body of the county or municipality at a publicly noticed meeting and must be on the meeting agenda with an itemized list detailing all anticipated travel expenses. The public official travel must be approved by a majority vote of the governing body. This may create problems for MPO board members to attend events/conferences and USDOT led events given that short notice travel would be virtually impossible to be approved in advance. The second issue for MPOs is the cap of lodging expenses in excess of \$120 per night. For MPOs that are administratively housed within a County or Municipality, the lodging cap of \$120 per night would apply to you. Foreign travel by county or municipal officers cannot be paid by their government body. Travel expenses incurred by public officers and employees may only be paid for if it is incurred 24 hours before, during and after the event necessitating the travel. Travel expenses outside those timeframes cannot be paid for by the government entity. The bill has been referred to Ethics and Elections; Community Affairs; Rules.
