

The 2017/2018 CSLIP Application PDF COPY*

*Actual application to be completed online.

COMPLETE STREETS AND OTHER LOCALIZED INITIATIVES PROGRAM

APPLICATION FORM

GENERAL PROJECT INFORMATIONA. Account Number: **(REQUIRED)** 1. Project Name: **(REQUIRED)** 2. Of the four project categories, select the one that best represents the project. **(REQUIRED)**SELECT 3. Facility Type: **(REQUIRED)** 4. Roadway or Greenway Name: **(REQUIRED)**

5. Project Limits (rational end points for a transportation improvement):

5.a. Start Location: 5.b. End Location: 6. Upload a map of the project location. **(REQUIRED)** No file chosen7. Upload a typical cross section. No file chosen8. Does the applicant have ownership of the associated right-of-way where the project is proposed? **(REQUIRED)**

Note: Right-of-way acquisition is not permitted or eligible for funding through the Complete Streets and Other Localized Initiatives Program.

8.a. If no, does the agency that owns the associated right-of-way support the project? **(REQUIRED)** 9. Does the applicant have ownership or property rights sufficient to construct the project? **(REQUIRED)**

Note: Ownership is defined as holding legal title to the real property.

9.a. If no, does the agency that has ownership or property rights support the project? **(REQUIRED)**

10. Is the applicant prepared to fund the operations and maintenance (O&M) associated with the project? **(REQUIRED)**

SELECT ▼

10.a. If no, is another agency prepared to fund the O&M? **(REQUIRED)** SELECT ▼

ELIGIBILITY VERIFICATION CRITERIA

To be eligible for evaluation and funding, all projects must provide the following documentation.

11. Resolution from the applicant's governing board approving the specific project. **(REQUIRED)**

Choose File No file chosen

Note: A governing board typically consists of elected officials.

12. Resolution from the governing board that has ownership of the associated right-of-way where the project is proposed approving the specific project. Choose File No file chosen

Note: Applicable only if the applicant does not have ownership or property rights.

13. Resolution from the responsible governing board confirming commitment to fund the project's O&M. **(REQUIRED)**

Choose File No file chosen

14. Page(s) from local plan or program that references the project. **(REQUIRED)** Choose File No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

15. Demonstrated public support (e.g., meeting minutes, meeting reports, letters of support or public workshop results). **(REQUIRED)** Choose File No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

PROJECT DESCRIPTION

Upon evaluation and funding acceptance, changes to the project description cannot be made.

16. Provide the following related to right-of-way:

16.a. Existing Width (feet): **(REQUIRED)**

16.b. Proposed Width (feet): **(REQUIRED)**

Note: Right-of-way acquisition is not permitted or eligible for funding through the Complete Streets and Other Localized Initiatives Program.

17. Provide the following related to the roadway :

17.a. Existing Number of Travel Lanes:

17.b. Proposed Number of Travel Lanes:

17.c. Existing Lane Width (feet):

17.d. Proposed Lane Width (feet):

17.e. Existing Total Roadway Width (feet):

17.f. Proposed Total Roadway Width (feet):

17.g. Posted Speed Limit:

17.h. Design Speed:

17.i. Re-stripe for bike lane?

17.j. Widen for bike lane?

17.k. Existing Bike Lane Width (feet):

17.l. Proposed Bike Lane Width (feet):

17.m. Existing Buffer Width (feet):

17.n. Proposed Buffer Width (feet):

17.o. Curb and gutter to remain?

18. Provide the following related to the median:

18.a. Existing Median Width (feet):

18.b. Proposed Median Width (feet):

19. Provide the following related to the sidewalks:

19.a. Widen, Northside or Westside - Existing Width (feet):

19.b. Widen, Northside or Westside - Proposed Width (feet):

19.c. Widen, Southside or Eastside - Existing Width (feet):

19.d. Widen, Southside or Eastside - Proposed Width (feet):

19.e. Replace, Northside or Westside - Existing Width (feet):

19.f. Replace, Northside or Westside - Proposed Width (feet):

19.g. Replace, Southside or Eastside - Existing Width (feet):

19.h. Replace, Southside or Eastside - Proposed Width (feet):

19.i. Material (concrete, asphalt, paver, other):

20. Provide the following related to swale:

20.a. Existing Width (feet):

20.b. Proposed width (feet):

21. Provide a detailed scope of work. No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

PROJECT ELEMENTS

Select all the elements that apply to the project and provide a brief description if applicable.

Note: Upon evaluation and funding acceptance, the addition and/or subtraction of project elements cannot be made.

22. Access Management

22.a. Is access management needed? (REQUIRED)

22.b. If yes, provide a description of the access management needs.

23. ADA

23.a. Do all proposed improvements comply with ADA standards? (REQUIRED) ▼

23.b. If yes, provide a description of the proposed ADA items.

24. Bicycle Paths (off street)

24.a. Is an off street bicycle path proposed? (REQUIRED) ▼

24.b. If yes, provide a description of the street bicycle path proposed.

25. Bicycle Path (on street)

25.a. Is an on street bicycle path proposed? (REQUIRED) ▼

25.b. If yes, provide a description of the on street bicycle path proposed.

26. Bicycle Rack (e.g., sidewalk, on buses, at rail stops, etc.)

26.a. Are bicycle rack(s) proposed? (REQUIRED) ▼

26.b. If yes, provide a description of the bicycle rack(s) proposed.

27. Bridge (pedestrian)

27.a. Are pedestrian bridge(s) proposed? (REQUIRED)

27.b. If yes, provide description of the pedestrian bridge(s) proposed.

28. Bridge (replacement)

28.a. Are there existing bridge(s) proposed for replacement? (REQUIRED)

28.b. If yes, provide a description of the bridge(s) proposed for replacement.

29. Bridge (widening)

29.a. Are there existing bridge(s) proposed to be widened? (REQUIRED)

29.b. If yes, provide a description of the bridge(s) proposed to be widened.

30. Bus Bulbout

30.a. Are there bus bulbout(s) proposed? (REQUIRED)

30.b. If yes, provide description of the bus bulbout(s) proposed.

31. Bus Queue Jump

31.a. Are there bus queue jump(s) proposed? (REQUIRED)

31.b. If yes, provide a description of the bus queue jump(s) proposed.

32. Bus Route (increased frequency)

32.a. Will the improvements increase the frequency of service along existing bus route(s)? (REQUIRED)

32.b. If yes, provide a description of the service improvements to existing bus route(s).

33. Bus Route (new)

33.a. Is a new bus route proposed? (REQUIRED)

33.b. If yes, provide a description of the new bus route proposed.

34. Bus Shelter

34.a. Are bus shelter(s) proposed? (REQUIRED)

34.b. If yes, provide a description of the bus shelter(s) proposed.

35. Crossing Signal (audio/visual/tactile)

35.a. Are crossing signal(s) proposed? (REQUIRED)

35.b. If yes, provide a description of the crossing signal(s) proposed.

36. Crosswalk

36.a. Are crosswalk(s) proposed? (REQUIRED)

36.b. If yes, provide a description of the crosswalk(s) proposed.

37. Drainage (existing closed system to remain)

37.a. Will the improvements effect an existing closed drainage system? (REQUIRED)

37.b. If yes, provide a description of the existing, closed drainage system.

38. Drainage (existing open system to remain)

38.a. Will the improvements effect an existing open drainage system? (REQUIRED)

38.b. If yes, provide a description of the existing, open drainage system.

39. Greenway

39.a. Are greenway(s) proposed? (REQUIRED)

39.b. If yes, provide a description of the greenway(s) proposed?

40. Information Management

40.a. Will the improvements include the use of information management technologies? (REQUIRED)

40.b. If yes, provide a description of the information management technologies proposed.

41. Landscape (irrigation)

41.a. Is an irrigation system proposed? (REQUIRED)

41.b. If yes, provide a description of the irrigation system proposed.

Note: Landscaping is typically not eligible for funding through the Complete Streets and Other Localized Initiatives Program.

42. Landscape (median)

42.a. Is landscape within the median proposed? (REQUIRED)

42.b. If yes, provide a description of the landscape proposed within the median.

Note: Landscape is typically not eligible for funding through the Complete Streets and Other Localized Initiatives Program.

43. Landscape (other)

43.a. Is another landscape proposed? (REQUIRED)

43.b. If yes, provide a description of the other landscape elements proposed.

Note: Landscape is typically not eligible for funding through the Complete Streets and Other Localized Initiatives Program.

44. Lighting (pedestrian)

44.a. Is pedestrian lighting proposed? (REQUIRED)

44.b. If yes, provide a description of the pedestrian lighting proposed.

45. Lighting (roadway)

45.a. Is roadway lighting proposed? (REQUIRED)

45.b. If yes, provide a description of the roadway lighting proposed.

46. Mobility Hub

46.a. Is a mobility hub proposed? (REQUIRED)

46.b. If yes, provide a description of the mobility hub proposed.

47. Multi-Use Path

47.a. Is a multi-use path proposed? (REQUIRED)

47.b. If yes, provide a description of the multi-use path proposed.

48. Park & Ride Facility

48.a. Is a park & ride facility proposed? (REQUIRED)

48.b. If yes, then provide a description of the park & ride facility proposed.

49. Pavement Repair

49.a. Are there proposed pavement repairs? (REQUIRED)

49.b. If yes, then provide a description of pavement repairs.

50. Railroad (crossing within limits)

50.a. Are railroad crossing(s) located within the project limits? (REQUIRED)

50.b. If yes, then provide a description of the railroad crossing(s).

51. Railroad (replace pedestrian signal equipment and gates)

51.a. Are there existing pedestrian railroad signal equipment and gates to be replaced? (REQUIRED)

51.b. If yes, then provide a description of the existing pedestrian signal equipment and railroad gates to be replaced.

52. Roadway Improvement

52.a. Is a roadway improvement proposed? (REQUIRED)

52.b. If yes, then provide a description of the roadway improvement proposed.

53. Safety Island/Median

53.a. Is a safety island/median proposed? (REQUIRED)

53.b. If yes, then provide a description of the safety island/median proposed.

54. Safe Routes to School

54.a. Is a safe routes to school program proposed? (REQUIRED)

54.b. If yes, then provide a description of the safe routes to schools program proposed.

55. School Zone (flashing signal)

55.a. Are there flashing signal(s) for a school zone proposed? (REQUIRED)

55.b. If yes, then provide a description of the flashing signal(s) for a school zone proposed.

56. School Zone (high emphasis crosswalk)

56.a. Are there crosswalk(s) for a school zone proposed? (REQUIRED)

56.b. If yes, then provide a description of the crosswalk(s) proposed.

57. Signalization (new pedestrian)

57.a. Is there new signalization for pedestrians proposed? (REQUIRED)

57.b. If yes, then provide a description of the new signalization proposed for pedestrians.

58. Signalization (replace pedestrian)

58.a. Is the existing pedestrian signalization to be replaced? (REQUIRED)

58.b. If yes, then provide a description of the proposed pedestrian signalization to be replaced.

59. Signalization (new traffic)

59.a. Is there new traffic signalization proposed? (REQUIRED)

59.b. If yes, then provide a description of the proposed new traffic signalization.

60. Signalization (replace traffic)

60.a. Is the existing traffic signalization to be replaced? (REQUIRED)

60.b. If yes, then provide a description of the proposed traffic signalization to be replaced.

61. Traffic Calming (e.g., roundabouts, separation, etc.)

61.a. Are traffic calming measures proposed? (REQUIRED)

61.b. If yes, then provide a description of traffic calming measures proposed.

62. Transit Center

62.a. Is a transit center proposed? (REQUIRED)

62.b. If yes, then provide a description of the proposed transit center.

63. Utility (coordination)

63.a. Is utility coordination needed? **(REQUIRED)**

63.b. If yes, then provide a description of the utility coordination needed.

64. Utility (relocation)

64.a. Is utility relocation needed? **(REQUIRED)**

64.b. If yes, then provide a description of the proposed utility relocation.

PURPOSE AND NEED

65. The project solves the problem of... **(REQUIRED)**

66. The project is the best solution because... **(REQUIRED)**

67. The project fulfill Commitment 2040 goals and objectives by... (REQUIRED)

68. Provide any supporting data and technical analysis referenced in the Purpose and Need.

No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

69. If the project is part of a Broward MPO endorsed corridor study, upload page(s) where the project is referenced.

No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

70. If the project is adjacent to any upcoming or currently underway projects, then provide available documentation verifying adjacent projects. No file chosen

Note: Multiple files should be compiled and zipped into one file for upload.

PROJECT COSTS

Review Complete Street and Other Localized Initiatives Program policies to ensure your project is eligible for funding.

71. Estimated total project cost (use present day cost): (REQUIRED)

72. Upload completed FDOT Cost Estimate Form. (REQUIRED) No file chosen

Note: Blank form may be downloaded from the Instructions page.

73. Estimated annual O&M costs (use present day cost) (REQUIRED)
