

Systems Planning Manager

Professional Area: Transportation Planning
Salary Ranges: \$70,000 - \$90,000 for Systems Planning Manager, DOQ
Location: Fort Lauderdale, Florida
Closing Date: August 31, 2017

The Position

The Broward Metropolitan Planning Organization (MPO) seeks an individual to lead the agency’s Systems Planning section. This person will direct all aspects of the MPO’s Long Range Transportation Plan development and implementation, support development of our Multimodal Priorities List, and support preparation and development of the Transportation Improvement Program. Please visit <http://browardmpo.org/index.php/employment-opportunities>

About Broward MPO

The MPO provides essential multimodal transportation planning services to over 30 municipalities and Broward county under state and federal laws, while also working with partners in Miami and Palm Beach to plan for the Southeast Florida region. The thriving region is home to almost six million residents, with almost two million in Broward county alone, and another two million anticipated to call Southeast Florida home in the next 20 years.

Our office is located in beautiful Fort Lauderdale, Florida, within a short drive to world famous attractions and recreational activities including Miami Beach, Palm Beach, Florida Keys, Everglades, fishing, boating, beautiful beaches, Orlando and its theme parks. Our region is the fourth largest urbanized area in the United States with a diverse population and opportunities for both urban and suburban lifestyles.

About Broward MPO (continued)

The MPO embraces diversity and is a place where employees are appreciated, respected and cultivated with excellent opportunities for professional development and growth. We encourage innovation and efficiency among employees.

The Candidate

The ideal candidate has significant experience and expertise in multimodal transportation and regional planning, preferably with an MPO or other regional organization. They have extensive and varied technical knowledge and experience necessary to lead and manage regional transportation planning processes. Candidates should have strong communication skills and experience coordinating with community interests and other governmental agencies. Experience leading a MPO Long Range Transportation Plan update is desired.

The successful candidate will hold a Bachelor's Degree (Master's degree preferred) in transportation, planning, engineering, or related field, plus six (6) years of responsible professional multimodal transportation planning experience, including two (2) years of experience with MPO program development and implementation. Candidates with an equivalent combination of relevant training and experience that provides the requisite knowledge, skills, and abilities for this job should apply.

Benefits

The Broward MPO offers a generous compensation package that includes both salary and benefits. Benefits include:

- Medical (paid for employee and subsidized family coverages)
- Short-term disability
- Long-term disability
- Life insurance
- Paid time off (PTO)
- 10 paid holidays
- 3 personal holidays
- Bereavement and jury duty leave
- Florida Retirement System (FRS)
- optional 457 deferred compensation plan
- educational and employee development opportunities
- Flexible work schedules
