Welcome & Introductions

Election of COAT Chair & Vice-Chair

Meeting 4 Agenda

- Approval of Agenda
- Consensus on Meeting 3 Summary
- Parking Lot – Fact Sheets
- Expectations of the COAT
- Open House Results
- Consensus on Vision
- COAT Data Requests
- Next Steps
- Public Comment
- COAT Roundtable

Consensus on Meeting 3 Summary

**Parking Lot:
Visualizations
Smart Signal Technology
Lane Capacity/Hour**

Expectations of the COAT

The COAT is expected to:

- **Understand** and **respect** the concerns of the entire community
- Have an **open mind** in reviewing options
- **Share** meeting information with their communities
- **Develop consensus** on high-level concepts and strategies that **enhance mobility** and **quality of life** in the SW 10th Street corridor

The COAT is **NOT** expected to:

- Choose a specific roadway design solution
- Identify targeted solutions along the SW 10th Street corridor
- Consider or justify project costs
- Factor complicated transportation analyses into their consensus building process

Address: _____ City: Deer Beach State: FL
Telephone: _____ Email: _____
Representing: Homeowner Association Business Other _____

No to yr. overpasses
Yes to Tunnels
yes - depressions
poor format

Name: DICK-STEWART
Address: _____ City: Deer Field State: FLA
Telephone: _____
Representing: Homeowner Association Business Other _____

NO OVERPASSES
YES Tunnels + depressions
Poor Format

Open House Results: Results of Station Exercises

SW 10th Street Draft Vision Public Feedback

SW 10th STREET
What is your Vision?

STATION 4

SW 10TH STREET DRAFT VISION

SW 10th Street provides access to major highways as well as to people's homes and businesses. While there is not yet a design identified for SW 10th Street, it is important to outline a Vision for the corridor based on what is important to the Community.

Through collaboration and evaluation of the community needs and concerns, we have heard that improvements along SW 10th Street should:

- Minimize visual obstructions
- Enhance Community Connectivity
- Minimize traffic noise
- Minimize noise and impacts during construction
- Promote economic development and access to businesses
- Preserve local access
- Provide community greenspace
- Minimize negative impacts to the environment
- Reduce demand for travel along SW 10th Street by encouraging tolling, carpooling and transit

Handwritten notes on sticky notes:

- Handwritten note: "Minimize noise and impacts during construction"
- Handwritten note: "Promote economic development and access to businesses"

Tolls 

Synchronized Traffic Signals 

Express Bus 

Open House Results: Review of Public Comments

- **110 Feedback Forms were received**
- **There were some common themes in the comments**

Rank	Comment	Number of times comment was made
1	Concerned about Noise	20
2	Don't want overpasses	18
3	Likes closed tunnel concept	15
4	Need a direct connection from 95 to Sawgrass	14
5	Synchronize the traffic signals	13
	Concerned about property values	
6	Likes depressed roadway	9
7	Construction concerns	8
8	General Discontent	7
	SW 10th needs some kind of improvement	
	Fix the I-95 Interchange first	
	Widen SW 10th Street	
9	Air quality concerns	5
	Dealing with traffic as part of your commute is to be expected, deal with it	
	The MPO is trying to hide something	
10	Don't want a tunnel	4
	How will we pay for this?	
	Separate local traffic along SW 10th from expressway traffic	
	Need bike and pedestrian facilities	

Open House Results: Consensus on Open House Summary

The Vision for SW 10th Street

The COAT, through collaboration and evaluation of the community needs and concerns, envisions improvements along SW 10th Street, which:

- Minimize visual obstructions
- Minimize traffic noise
- Minimize noise and impacts during construction
- Promote economic development and access to businesses
- Preserve local access
- Enhance community connectivity
- Provide community greenspace
- Minimize negative impacts to the environment, including air and water quality
- Reduce demand for travel along SW 10th Street by encouraging tolling, carpooling and transit

COAT Data Requests

- How will the design of SW 10th Street change at each of the major intersections?
- What will signalization improvements do to relieve traffic along SW 10th Street?
- With improvements between I-95 and the Turnpike, what will happen when the traffic gets to those interchanges?
- What will be the construction impacts (noise, pollution, road closures)?
- Where will traffic be routed during construction? How will you maintain access?

COAT Data Requests (con't)

- What will the air and noise quality be during and after construction?
- How will noise be mitigated in my community?
- What will be the price of mitigating the negative impacts?
- What will happen at the Military Trail and Powerline Rd intersections?
- How will improvements at the I-95 and Sawgrass interchanges impact traffic on SW 10th Street?
- How will drainage be handled if a depression or tunnel is built?
- If a direct connection is built, how will SW 10th Street residents and businesses access 95 and the Sawgrass?

Next Steps

Public Comment (two minutes/person)

COAT Roundtable

Reminders

- Meeting summary will be posted on the website
- Share Meeting Materials with your community
- Share the conversation from tonight's meeting with your community
- Observe Sunshine Laws
