Legislative Update for the week ending 02/09/2018

Overview

We start this week's newsletter with a quick view of the big picture. There are 18 more calendar days until committees stop meeting, that's not much time to move bills through committees. Subcommittees will stop meeting even earlier and that leads us to some obvious conclusions. Any bill that has not moved by this point has very little, if any, chance of making it through this session. If a bill has three committee stops and has not been heard in the first committee, then timing is against the bill. It does not mean that it is a guarantee though, so don't count out any bills yet.

This week was a little on the quiet side for transportation, maybe it was because something was brewing behind closed doors or maybe it is because legislators have a budget to deal with and a few other issues such as a gambling bill, education funding and this is an election year. I am betting on the later. Legislators will be eager to finish up their business in Tallahassee and get home to fundraisers and campaigning. As you know, legislators cannot hold fundraisers while in session. However, a challenger in an upcoming election can hold a fundraiser and is probably busy in the home district meeting voters, shaking hands, kissing babies and get facetime with all those residents. Meanwhile the incumbent legislator is miles away in Tallahassee doing the work of the legislature. This is serious motivation to get the work of legislating done and get home to constituents.

So, what about that budget? A couple of weeks ago I reported that the Senate version included a \$200 Million Dollar sweep of the transportation trust fund. The good news is that sweep has since been removed. Staying on the topic of trust funds, the sweep of the Sadowski Housing Trust Fund has occurred year after year. It is getting a bit of attention this year and a bill was introduced to prevent monies from being taken away from the original purpose of the Sadowski trust funds – to provide housing. Senator Passidomo introduced SB 874 to protect this trust fund from sweeps. It has been heard in one committee, has two to go and no House companion bill. This late in the legislative session it is not looking good for SB 874. Yet this issue has been brought up in several conversations about the economy and finding workers in high housing cost areas. You can think of who those workers might be, workers who cannot afford the local housing market and by financial necessity must travel from far distances – which sometimes makes it hard for employers high housing cost areas to find workers in lower paying jobs.

For the rest of the budget talk, the summary goes something like this: The House and Senate are only \$100 Million apart which is a lot of money but in the overall scheme of a \$87 Billion budget it is not a lot. However, they are very different in what the money goes to and therein lies the problem. The two budgets will be going

to conference soon to iron out the differences and since this is an election year, the process is likely to move along.

One other issue that has been coming up this session is the issue of gambling in Florida. The agreement between the Seminole Tribe and the State of Florida is up for renewal and details seem to be far from resolved. Meanwhile the Speaker of the House, Richard Corcoran, has stated that he wants to see a contraction in gambling in Florida. He sees Florida as a family-friendly state and gambling is associated with a city out west with a nickname of “Sin City”, not exactly the image Florida is going for. This does not look good for pari-mutuels who offer some gaming and are eager to expand their offerings. Meanwhile, the Seminole Tribe can offer gaming. Several other groups would love to get rights to offer full-on Vegas style gaming in Florida. They would love to get even a part of that concept, not now though. And of course, the Seminole Tribe doesn’t want anyone else competing with their business. There is a lot at stake for the main players here and this issue will continue to be difficult, which is another way to say that this is not likely to be figured out soon. That was the nickel tour of the gaming issues here in Florida, there is a lot with the State of Florida/Seminole Tribe agreement and associated side issues which could fill several pages. We will stick to transportation and give you an overview of the side issues that keep legislators from looking at transportation.

To bring this in for a landing, let’s look at the Dockless Bike Sharing bills for a moment. These are bills SB 1304 and HB 1033. Both bills preempt local units of government from regulating bike sharing companies. The concern expressed by local governments is that dockless bikes can be left anywhere and you can imagine where this might go. Bikes left on sidewalks could block access for someone with a mobility limitation, bikes would be left in a variety of locations and if there are a lot of them, it could create quite an eyesore. The bills still have some committees to go through and can be amended. Keep an eye on these two bills, MPOAC will be also.

That’s a wrap for this week. Grab a cup of coffee and enjoy this edition of the MPOAC Legislative Update.

HB 815: County and Municipal Public Officers and Employees – (Avila; Co-Introducers: La Rosa)

-Companion bill is SB 1180. This bill does a number of things, of importance to MPOs are two requirements related to travel in the bill. First, out of state travel for public officials must be approved by the full governing body of the county or municipality at a publicly noticed meeting and must be on the meeting agenda with an itemized list detailing all anticipated travel expenses. The public official travel must be approved by a majority vote of the governing body. This may create problems for MPO board members to attend events/conferences and USDOT led events given that short notice travel would be virtually impossible to be approved in advance. The second issue for MPOs is the cap of lodging expenses in excess of \$120 per night. For MPOs that are administratively housed within a County or Municipality, the lodging cap of \$120 per night would apply to you. Foreign travel by county or municipal officers cannot be paid by their government body. Travel expenses incurred by public officers and employees may only be paid for if it is incurred 24 hours before, during and after the event necessitating the travel. Travel expenses outside those timeframes cannot be paid for by the government entity. The bill has been referred to Local, Federal and Veterans Affairs Subcommittee; Public Integrity and Ethics Committee; Government Accountability Committee. SB 1180: County and Municipal Public Officers and Employees – (Steube) – Companion bill is HB 815. This bill does a number of things, of importance to MPOs are two requirements related to travel in the bill. First, out of state travel for public officials must be approved by the full governing body of the county of municipality at a publicly noticed meeting and must be on the meeting agenda with an itemized list detailing all anticipated travel expenses. The public official travel must be approved by a majority vote of the governing body. This may create problems for MPO board members to attend events/conferences and USDOT led events given that short notice travel would be virtually impossible to be approved in advance. The second issue for MPOs is the cap of lodging expenses in excess of \$120 per night. For MPOs that are administratively housed within a County or Municipality, the lodging cap of \$120 per night would apply to you. Foreign travel by county or municipal officers cannot be paid by their government body. Travel expenses incurred by public officers and employees may only be paid for if it is incurred 24 hours before, during and after the event necessitating the travel. Travel expenses outside those timeframes cannot be paid for by the government entity. The bill has been referred to Ethics and Elections; Community Affairs; Rules. **On the Ethics and Elections Committee Agenda for 02/13/2018 at 2:00PM in Room 412, Knott Building.**
