#### LOCAL FUNDING OPTIONS FACT SHEET

Broward is taking steps towards a November 2016 referendum that would establish an additional local funding source using a one cent sales tax. This one cent would generate \$316 million in the first full year and \$3.5 billion over 10 years. A plan for how these funds would be used has not been developed yet, but the County Commission is starting the process and is seeking support from the

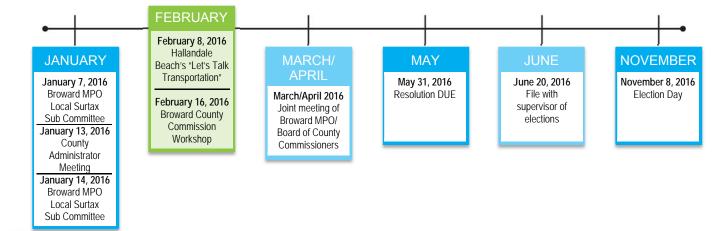

Representatives from the Broward MPO Board are meeting with the County Administrator in preparation for a County Commission workshop scheduled for February 16, 2016, to discuss the referendum. We Wanted to share the information below with you so that:

# **Discretionary Surtax Options**

Funding Transportation Projects within Broward County

### **FUNDING OPTIONS**

The table below lays out the two local surtax options that are available to be implemented in Broward. The key differences between these two options are:

- 1. The Transportation Surtax, by statute, is automatically distributed 100% to the County; while the Infrastructure Surtax, by statute, is distributed 40% to the County and 60% directly to the cities (using a population based formula).
  - a. Please refer to the "Illustrative Funding Distribution by Municipality" for more information about the level of funding for your city.
  - b. It is possible to modify these distributions through an Interlocal Agreement.
- 2. The Transportation Surtax is solely for transportation related improvements while the Infrastructure Surtax can be used for other capital investments as noted in the chart below.
