Transportation Improvement Program Overview

The Broward Metropolitan Planning Organization (MPO)'s Transportation Improvement Program (TIP) is a five-year program that prioritizes and documents the funding of transportation improvement projects the region expects to build over the next five years. The projects include reconstruction, maintenance, and operation of major highways, arterials, and intersections; maintenance and expansion of the public transit, aviation, and port systems; construction for bicycle paths, and improvements for pedestrians within the Broward region.

The Broward MPO updates the TIP annually and the MPO Board approves the TIP in July every year. The most recently approved TIP by the Board is the FY 2022-2026 TIP. The full TIP document is available at the link <https://browardmpo.org/core-products/transportation-improvement-program-tip>.

To help municipal partners review and monitor projects in the TIP falling in their jurisdiction, the Broward MPO has extracted a list of projects for each municipality from the FY 2022-2026 TIP. The list presented includes projects that fall in this municipal boundary but exclude county-wide and state-wide projects. The chart to the right illustrates how project information is organized.
